PLANNING & ZONING COMMISSION

5. NEW BUSINESS:

- a. Acknowledgement: Rick Dumiak Resignation Letter

Jan 27, 2021

Letter of Resignation

Honorable Madam Mayor and City Commissioners:

Please accept this letter of resignation, effectively immediately as the Chairman of the City of Truth or Consequences New Mexico Planning and Zoning Advisory board.

I am regretfully submitting this resignation as I cannot or will not work with a city official that has falsely accused me of lying during a city commission meeting and has called into question my honesty and integrity.

Mr. Madrid, the City Manager showed a clear lack of professionalism when he in fact publicly insulted me at the Jan 13, 2021 City Commission meeting.

His response to my public comment at the Jan 13, 2021 meeting was a clear accusation against my integrity and the comments that Mr. Madrid made regarding the condition of Rotary Park were a direct contradiction of the facts I presented during public comment concerning the lack of upkeep and maintenance at Rotary Park.

On Jan 13, 2021, the city manager stated in response to my public comments regarding the trash and debris at Rotary Park "just because I say something, doesn't make it true". That was a direct attack on my honesty and has caused me considerable harm and public humiliation.

On Jan 27, 2021 during public comment at the city commission meeting, I asked for an apology from the city manager, Mr. Madrid for calling into question my honesty during his public comments at the Jan 13, 2021 meeting.

During Mr. Madrid's response to public comment at the Jan 27, 2021 meeting no apology or explanation for his accusations against me was made by the city manager, Mr. Madrid.

The city managers failure to apologize or even respond shows a clear lack of respect for me as well as a lack of decency and professionalism.

I find it ironic that Mr. Madrid seems to forget the meaning and name of our town, Truth or Consequences.

If one does not tell the truth, there needs to be consequences.

It is my hope that the City Commission will fully realize the seriousness of the city managers actions and act accordingly.

Respectively,
Rick Dumiak

300 N Maple Street

CITY OF TRUTH OR CONSEQUENCES
PLANNING AND ZONING COMMISSION ACTION FORM
DATE: 09-08-2020

ITEM: Public Hearing/Discussion/Action –Variance Request 300 N Maple

BACKGROUND:

Property owner/representative has applied for a Summary Plat Amendment at 300 N Maple and is requesting a variance from **Sec. 15-15. -A.2. b - Both lots to be created have direct, legal, unobstructed access to an existing City maintained and paved street with curb gutter and sidewalk;**

Proposed lots will not have direct, legal, unobstructed access to an existing City maintained and paved street with curb gutter and sidewalk;

No sidewalk/curb/gutter is adjacent to current or proposed parcel or any existing parcels on that street and therefore would cause undue hardship on the applicant to develop sidewalk/curb/gutter to the required NMDOT Specifications.

Sec. 15-8. - Variances.

- A. *Cause:* Where, in the case of a particular proposed subdivision, it can be shown that strict compliance with the requirements of this Code would result in a substantial or unreasonable hardship to the subdivider because of exceptional topographic, soil or other surface or subsurface conditions, or that strict compliance with this Code would result in inhibiting the achievement of the objectives of this Code, the Planning and Zoning Commission may recommend and the City Commission may approve variances, modification or waivers of this Code's requirements. No variance shall be granted simply because the subdivider disagrees with or does not wish to meet the goals, objectives or standards of this Code.
- B. *Required findings:* Before recommending approval of a variance to the Planning and Zoning Commission, the City's Zoning Administrator shall make the following findings of fact. These same findings must be made by the Planning and Zoning Commission before it may recommend approval to the City Commission. The same findings must be made by the City Commission before it may approve a subdivision with variances and must form the basis of its decision when acting on an appeal regarding a variance. Granting a variance:
1. Shall not constitute a grant of special privilege inconsistent with the limitations on other properties in the area of notice;
 2. Shall not result in detriment to the public health, safety, or welfare, or be materially injurious to properties or improvements in the area of notice;
 3. Is justified because a physical hardship to the applicant is caused by existing size or shape of the lot, by existing structures, topographic or physical conditions on the site or in the area of notice, or if a physical hardship to the applicant would result from strict compliance with this Code;
 4. Upholds the spirit and intent of this Code, public safety and welfare will be secured, and substantial justice done;
 5. Will not result in the City being caused to absorb costs over and above those typically associated with subdivision approval;
 6. Is not contrary to the requirements of state law;
 7. Will not cause negative impacts on adjoining properties, properties in the area of notice, or to the public well being.
- C. *Procedures and requirements:* The following procedures and requirements shall apply to all requests for variances under this Code.
1. Requests for variances and the review fee shall be submitted in writing prior to or at the time of request for preliminary plat approval.
 2. Variances will be reviewed and acted on as separate agenda items from the subdivision as a whole, however, approval or denial of a subdivision by the City may be determined by the results of a vote on a variance.
 3. The request shall describe in detail the specific sections of this Code from which a variance is being requested, and shall describe in detail the specific reasons that justify a variance. It is the subdivider's responsibility to address and prove each and every finding of fact.
 4. Variance requests shall be reviewed by the City Planning and Zoning Commission in public hearings prior to or concurrent with public meetings that are held for recommendations for approval or denial of the subdivision.
 5. Notice of the request for variance shall be given to all owners of record of property within 300 feet of the area proposed for subdivision, excluding streets, alleys, channels and other rights-of-way, and shall be published in the same manner as notice is provided for any public hearing required in this Code, and shall comply with the Open Meetings Act of the State of New Mexico

6. Variance requests shall be submitted to any reviewing agencies having expertise with respect to the subject matter for which the variance is sought. Comments on variances by such agencies shall be received by the City before the City acts on the subdivision requiring the review. In cases where a variance to the standards of any other entity is requested as part of a subdivision application, the City shall not approve the subdivision until it has received certification from that entity, in writing, that the entity has approved the variance request.
- D. *Conditions on variances:* In granting variances, the City may impose conditions regarding further expansions, maximum height limits, time limits, types of construction, and other standards that will ensure that approval of the variance results in substantial conformity with the intent of this Code.
- E. *Notification of action:* The City's Zoning Administrator shall notify the subdivider in writing within five working days following consideration of a variance by the Planning and Zoning Commission and/or the City Commission. Said letter shall state the nature and conditions of approval of variances, or alternately, shall state the reasons for denial of a variance. Said letter shall also explain the next action required or available to the applicant.
