

# ROTARY PARK

## CONCEPT DIAGRAM

### PRIORITY: NATURE

- Project area (approx)
- ↔ Proposed vehicular circulation
- ⋯ Proposed pedestrian circulation
- Proposed wetland restoration and expansion
- Proposed overflow parking area
- 🎣 Proposed fishing access point
- ✳ Proposed trailhead signage
- ▨ Proposed river access point
- 🌀 Proposed jetty
- Proposed bridge location
- ▨ Proposed boardwalk
- Existing picnic shelter
- Proposed picnic shelter
- Proposed restroom
- 🌳 Proposed trees/landscaping
- ▨ Proposed terraced riverfront
- ① Enhanced picnic area with interpretive trail and public art
- ② Wetland overlook

#### PROS

- Wetland restored/expanded without vehicular disturbance
- Majority of parking moved away from the river
- Buses and trailers able to turn around on site

#### CONS

- Minimal access to wetlands for birdwatching and other recreational activities
- Less on-site parking and no food truck parking
- Single fishing access point and reduced river access via terracing
