Discussion/Action: TMC 16.10 Flood Damage Prevention:

Planner Danison provided images of the updated Floodplain maps from FEMA. He went through the Floodplain Development Code with the Commissioners and made edits. He said that he will incorporate the changes and bring back a completed document to the next meeting for their recommendation and then send it to Council for adoption.

Discussion: Shorelines:

Planner Danison stated that it's time for the periodic update and at the next meeting we will work on the Shoreline Designation Map. Commissioner Minbashian asked about the survey responses and Danison said he will check and send the information out. She said she would like to take the time to work on the update as she feels the housing crisis is pushing people to build in the river and shoreline areas. She doesn't want to see those resources jeopardized.

Next Steps:

The next meeting is planned for June 22nd at 5:00pm.

There being no further business to discuss, Commissioner Battle adjourned the meeting at 6:09pm.
