Discussion: Comprehensive Parks and Recreation Plan Next Steps:

Commissioner Hershenow wanted to discuss his priorities that he would like to work on from the Parks Plan. 1. River access signage 2. Install a bench at Riverside/Burton public space at river 3. Place a picnic table at Maves Park – he has one he is willing to donate 4. Work on the Methow St. connector trail. Commissioner Liman is wondering about the use of compression breaks in the Town limits. He says that he would like to know if it's prohibited and if a sign can be put up as he continually hears loud trucks using those breaks during all hours of the night/morning.
