

A PUBLICATION OF THE CITY OF TWO HARBORS, MN

VOLUME 9, NO. 1

April 2019

2019 Street & Alley Improvement Project

The City will be constructing 6 segments of street and alley projects as part of the 2019 Capital Improvement Plan. This year's construction includes the following project segments; 8th Avenue – 9th Street to its west end, 9th Avenue – 15th Street to its east end, Alley North of 2nd Avenue – 2nd Street to 3rd Street, Alley North of 2nd Avenue – 3rd Street to 4th Street, Alley North of 7th Avenue – 8th Street to 9th Street, and the Alley North of 8th Avenue – 8th Street to 9th Street.

The City Plans to open bids for the project on April 25th with construction to begin approximately June 17th and run throughout the summer. A full construction schedule will be posted on the City website once a contractor is selected. The City will try to announce any major closures or disruptions to service as far in advance as possible, and we will notify those property owners who will be directly affected.

For more information and to keep up to date with the project, please use the city website at <http://www.twoharborsmn.gov/>, follow the City of Two Harbors Facebook Page, or call 218-834-5631.

Seasonal Sump Pump Reminder

During rain storms, the Wastewater Treatment Plant experiences significant increases in flow. City staff believes that recent flow data indicates that a large number of sump pumps may have been disconnected throughout the community.

It is important to remember that if this problem persists, it is possible that the City could be forced to construct an additional overflow basin which would come at a high cost to City taxpayers and utility customers. Property owners are urged to make certain that their sump pumps are properly connected and in working order.

City code requires that sump pumps are installed at each connection site. If everyone does their part, we can significantly decrease the probability that we will be required to construct an additional overflow basin in the near future and avoid the high costs associated with it.

Attention Pet Owners

City code requires that animals be licensed. Animal licenses can be purchased at City Hall, 522 1st Avenue, Monday through Friday from 8 a.m. to 4:30 p.m. A current rabies certificate must be presented at the time of purchase. Fees are \$10 per license. If the dog or cat is spayed or neutered, the license fee is reduced to \$5. Licenses are available January 1st of each year and are valid for the calendar year. Animal Control Regulations can be found on our website at: twoharborsmn.gov or can be picked up at City Hall.

Lakeview Cemetery Lot Decoration Policy

1. One floral basket allowed per lot.
2. Baskets must have handles for ease of moving and cemetery maintenance
3. Baskets may contain either fresh or artificial floral arrangements weighing no more than 20 pounds.
4. Monument mounted baskets specifically manufactured for floral displays that attach to the top of a monument are allowed.
5. Permanently affixed monument accessories (metal vases, etc.) designed for and attached to a monument whereby they are off the ground are allowed.
6. All lot decorations must be clearly labeled with a weather retardant label containing the name and contact information of the individual placing the adornment.
7. Off-season (winter) decorations of wreaths and artificial arrangements on tripod stands are allowed during the winter months (November through March); and must be removed by April 1st of each year. Items not removed by this date will be removed by Cemetery personnel and discarded.
8. The Cemetery reserves the right to remove any decoration deemed to be objectional or to have become objectionable, unsightly or unsafe, or any decorations not in keeping with this policy.
9. Decorations removed for such reasons will be held by Cemetery in safekeeping for a maximum of 30 days upon removal of notification of the owner, after which they will be discarded.

Office Hours: 7 a.m. - 3:30 p.m., Monday – Friday
1300 7th Avenue
Phone: (218)834-8815

Work Order System

The City of Two Harbors implemented a work order system in 2018 to help streamline responses to requests from the citizens. A work order can be generated by contacting City Hall at 218-834-5631 or email us at info@twoharborsmn.gov. Once the work order is created, it is passed on to the appropriate department head to schedule a follow up and complete the task. Work orders can be generated for a variety of tasks including sidewalk repair, park maintenance and repair, street light outages, power pole damage, alley or street maintenance, etc. Depending on the workload and the size and priority of the task, the issue will be addressed as soon as possible. Residents can also follow up on the status of the repair. Work orders are intended for non-emergency repairs, so if your request is an emergency, please contact dispatch.

The City of Two Harbors is accepting applications for summer seasonal temporary employees in the Public Works, Electric, Gas, Water & Sewer, Water/Wastewater Operations and Liquor Store Departments. Applications are available online at www.twoharborsmn.gov or at City Hall, 522 1st Avenue, Two Harbors, MN 55616.

Summer Recreation Programs

Stay tuned for more information about summer recreation programs for kids! Check out our Recreation webpage for more information or call City Hall at 218-834-5631.

Carbon Monoxide Safety

CARBON MONOXIDE (CO) POISONING

Did you know?

More than 150 people in the US die every year from accidental non-fire carbon monoxide poisoning.

Carbon monoxide or CO is a colorless and odorless gas. CO poisoning can occur when a fuel-burning appliance or machine, such as a furnace, heater or generator, is not working or vented properly. Breathing in CO at high levels can be fatal. Learn what you can do to protect your family from the dangers of CO.

- Install and maintain CO alarms in a central location outside each separate sleeping area and on every level of your home.
- Use portable generators outdoors in well-ventilated areas away from all doors, windows and vents.
- Make sure vents for the dryer, furnace, stove & fireplace are clear of snow and other debris.
- Check/change batteries of each CO detector every six months.

The Importance of Displaying Address Numbers

Please be aware that the City of Two Harbors requires residents and business owners to clearly display their address numbers. The purpose of this requirement is to ensure an efficient way to locate an address in the event of an emergency. In addition, posting your address number eliminates distracted driving caused by searching to find a location, allows for accurate and efficient delivery by the postal service and other delivery drivers, and helps visitors to easily find a destination.

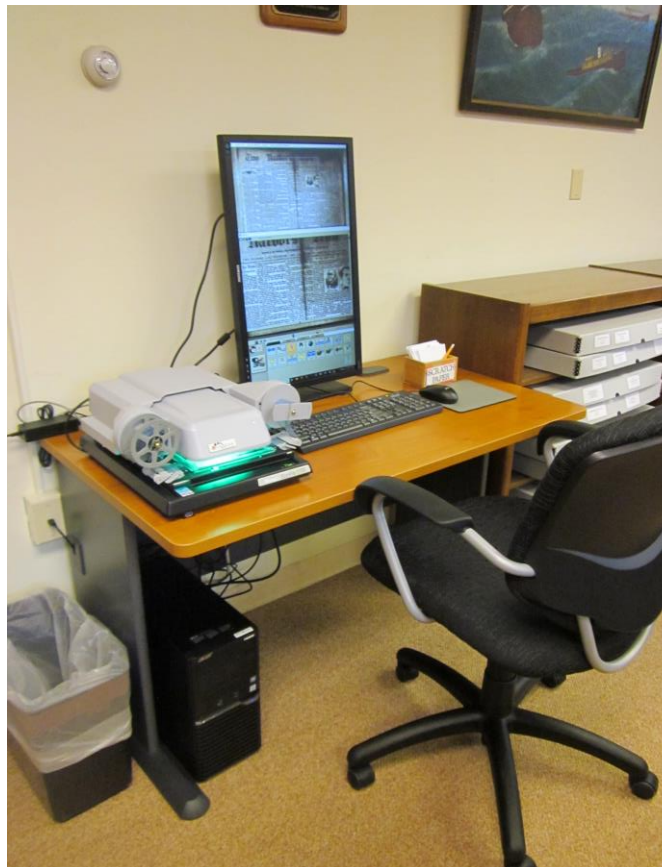

Numbers should be displayed in a place that is clearly visible, and they should be large enough to read from the street. Aside from the convenience of easily locating an address, please keep in mind that a few minutes can make a world of difference in an emergency.

What's NEW at the LIBRARY

Microfilm Reader - The Two Harbors Public Library was recently awarded a grant from the Minnesota Historical Society to help with the purchase of a new microfilm reader. The new reader is a digital model, allowing local historians and genealogists to use a computer to navigate through the rolls of microfilm, spot-edit portions of pages as desired, and to save digital copies of their articles, although printing is still an option as well.

This is particularly exciting for us, as the library has microfilm holdings for local newspapers dating back to 1890. Newspapers in stock include the Iron Port, Iron Trade Journal, Journal News, Socialist, Lake County Chronicle, Chronicle, Chronicle & Times, and Lake County News Chronicle. While we have many of the Lake County News Chronicle papers still available in print, microfilm is the only way to access the other titles and the oldest of our holdings.

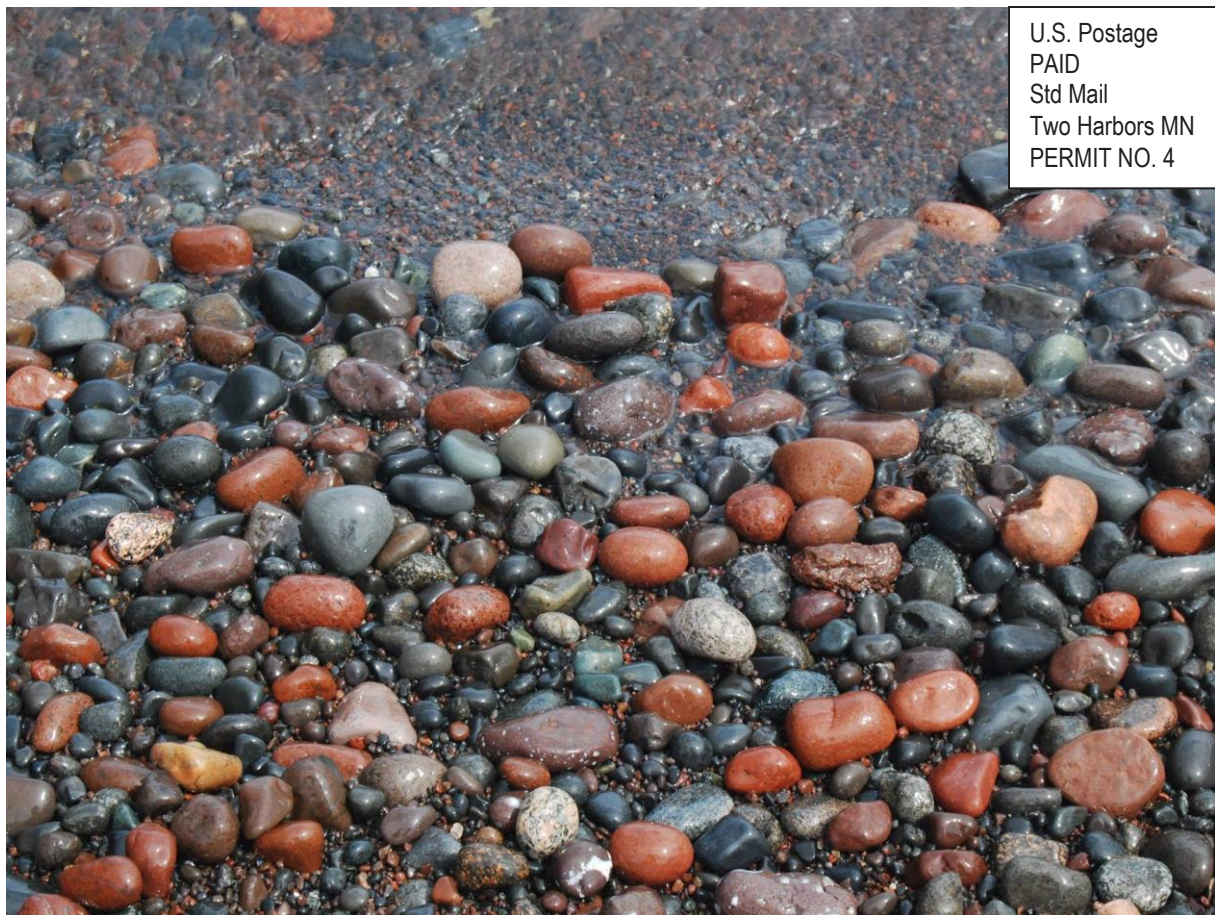

The microfilm reader is available for use to all library patrons. Ask at the front desk and our staff will be happy to give a brief tutorial on using the new equipment.
