Public Notice of Environmental Review

The City of Two Harbor's has received a grant from the Environmental Protection Agency for the ongoing construction at the wastewater treatment facility located at 1 Lighthouse Point Rd. The grant will reduce project costs paid by the citizens of Two Harbors.

As a condition of the grant, the City is required to update the environmental review previously completed for this project. A copy of the environmental review documents completed in March 2019 is available online at www.twoharborsmn.gov/city_departments/wastewater_treatment_plant/index.php and at the Two Harbors Public Library during normal business hours.

Comments and concerns about the potential historic, archeological, and environmental impacts of the project should be submitted in writing to funding2@bolton-menk.com by end of the day Tuesday, September 5, 2023, to be included in the updated documents.
