

Update regarding the City Yard Waste Facility

The City of Two Harbors Yard Waste Facility is open for the season.

The Facility is open daily and will also be open on the weekends as long as residents can be respectful of the facility.

We also ask that folks practice social distance guidelines at this time.

The Yard Waste Facility ONLY accepts grass clippings, leaves, tree branches and garden waste (weeds, dead flowers, Ext).

We DO NOT accept trash, construction debris, cinder blocks, mattresses, appliances, etc. They can be disposed at the Castle Danger Pit or WLSSD in Duluth.

Please do your part to help our staff keep the facility clean and open for your convenience.
