** Voter registrations without signatures will not be processed.

Complete only Part A if:

- You need to change your residence and/or mailing address on your driver license or ID card, but are not eligible to vote (non-US citizen or will not be 18 by election day).
- You are changing your driver license or ID residence address and/or mailing address and do not want to register to vote.

Complete the entire form if:

- You are a registered voter and are changing your driver license or ID card residence and/or mailing address.
- You are changing your driver license or ID card residence and/or mailing address and want to register to vote for the first time.
- Your residence and/or mailing address has not changed but you want to register to vote.

Notice: Michigan law requires that the same address be used for voter registration and driver license purposes. Therefore, **if the residence address you provide in the application differs from your voter registration address as it appears on the Qualified Voter File, the Secretary of State will automatically change your registration to match the residence address on this application**, after which your voter registration at your former address will no longer be valid for voting purposes. A new voter identification card, containing the information of your polling place, will be provided to you by the clerk of the jurisdiction where your residence is located.

If you do not wish to register to vote at this time and decline to fill out the voter registration portion of this form, your decision will remain confidential and will only be used for voter registration purposes.

After completing the form, return it by mail to: **Michigan Department of State
PO Box 30764
Lansing, MI 48909-8264**

If changing your driver license or ID card address, an address label for the back of your license or ID card will be mailed to you within 14 days. If registering to vote, your voter registration will not be valid until accepted by your local clerk. If your voter identification card does not arrive within 3 weeks, contact your city or township clerk.

When changing your address by mail, a letter verifying the change and containing the new address will be mailed to your old address. If you do not want residents at your old address to have your new address, then you should change your address in person at a Secretary of State office.
