WASCO COUNTY BOARD OF COMMISSIONERS
SPECIAL SESSION
MARCH 28, 2016

PRESENT: Rod Runyon, Commission Chair
Scott Hege, County Commissioner
Steve Kramer, County Commissioner
STAFF: Tyler Stone, Administrative Officer
Kathy White, Executive Assistant

At 4:00 p.m. Chair Runyon opened the Special Session of the Board of Commissioners with the Pledge of Allegiance.

SWAC Rate Increase Recommendations

John Zalaznik, representing the Solid Waste Advisory Committee (SWAC), stated that the SWAC had met on March 23rd to discuss service provider requested rate increases in response to increases from the Oregon State Department of Environmental Quality (DEQ). He said that the DEQ fees go to 58¢ a ton on April 1st.

Commissioner Hege said that it appears that the increases have been spread throughout the customer rates; he asked if Mr. Zalaznik has been able to assess the equity of the increases. Mr. Zalaznik replied that he had not had the time. Waste Connections District Manager Jim Winterbottom stated that the DEQ had originally announced that the increases would come in two phases and have only recently given notice of the single increase plan. He explained that they are doing a straight pass through to the customer based on anything that has weight.

PAGE 2

Mr. Zalaznik added that the State calculations are very confusing. He said that he just spoke with the Association of Oregon Counties staff and they are not entirely certain that the DEQ won't go back to the split increases.

Commissioner Hege said that looking at the bigger picture, the Board sees the SWAC annually for cost increases. He noted that that request is different than this. Mr. Winterbottom concurred. Commissioner Kramer pointed out that the DEQ has not increased their fees for over 20 years. Mr. Winterbottom added that today's request does not include increases based on anything other than the DEQ fee increase – for instance, the delivery fee for a dumpster is not going up at this time.

Commissioner Kramer said that he is trusting in the latest information that the increase will come through in its entirety on April 1st. Chair Runyon asked if the increase could be less than 58¢. Mr. Winterbottom replied that it will not be less, it is possible that it will come in two phases rather than all at once.

Commissioner Kramer said that in our ordinance there is a built in 60-day noticing requirement. Commissioner Hege said if that is true even if the Board passes the increase today. Commissioner Kramer responded that we would have to go out 60-days.

Mr. Zalaznik stated that the request letters are asking for the increase to take effect on April 1st; we will have to let them know they have to wait 60 days.

Wasco County Landfill Manager Nancy Mitchell pointed out that this increase is out of their control and asked how they will recover their costs as the DEQ increase will go into effect without regard to a Wasco County 60-day noticing.

Waste Connections Assistant District Manager Kevin Green reported that they did not hear about the April 1st increase until March 3rd which made it impossible to meet the 60-day noticing requirement.

County Counsel Kristen Campbell said that the noticing requirement is in our County ordinance. Ms. Mitchell stated that it seems to her as though this is different than the annual increase. Mr. Green added that it would not have been possible for them to notify the County 60 days in advance considering that they themselves did not receive 60 days' notice.

Commissioner Kramer said that he does not think we can solve the 60-day issue today, but we can consider approving the requested increase.

{{{Commissioner Kramer moved to approve Order 16-008 in the matter of approving rate increases for Waste Connections. Commissioner Hege seconded the motion.

DISCUSSION

Commissioner Hege asked if Commissioner Kramer was moving to have the rates take effect June 1st and asked Mr. Green if their intent is to have the increases take effect April 1st. Mr. Green replied that an April 1st effective date is their intention.

Mr. Winterbottom stated that when the Board annually addresses the rate schedule it is not an increase that is dropped on the providers; it is based on a CPI formula. Mr. Green added that based on the months of January and February, their losses for a 2-month waiting period will be approximately \$41,000.

Ms. Campbell read a portion of Section 105.010(9) of the Wasco County Solid Waste and Disposal Ordinance:

“Where disposal rates at a disposal site utilized by a County franchised solid waste collection company adjust due to a contract or scheduled adjustment approved by the Board (such as a cost of living inflator) there shall also be corresponding adjustment approved in the established collection rates as will be just, fair and reasonable to reflect such disposal rate adjustment. The owner or operator of any disposal site for which a scheduled or contract adjustment in the disposal rate has been approved by the Board, shall provide sixty days advance notice to the County and all affected franchised collection companies of the amount and effective date of such disposal rate adjustment.”

Chair Runyon asked if there is an emergency clause in the ordinance. Further discussion ensued regarding scheduled increases and uncontrollable circumstances as well as whether or not the noticing requirement applies to those with whom the service providers have a contract or just those who do not.

Ms. Campbell asked if all the potentially affected parties are represented here. The service provider representatives responded affirmatively. Ms. Mitchell reiterated that this is not a *scheduled* increase covered by the noticing language in the ordinance; it is an unscheduled increase. Commissioner Hege said that is a good point and should be explored further. Ms. Campbell said that she does not have a definition for “scheduled” as it applies to this ordinance.

Ms. Campbell asked if we can not only agree that this is not scheduled but that it is also not contractual. Mr. Winterbottom stated that the service providers come before the Board each fall for scheduled rate increases equivalent to .85 of the CPI. Mr. Zalaznik agreed saying that the CPI increases are done on a regular basis.

Commissioner Hege said that he is fine with the idea that what is being requested today is not a scheduled increase noting that if we cannot allow them to pass on the DEQ increases now, they will have to factor those costs in later.

Commissioner Kramer withdrew his motion.}}

**{{{Commissioner Hege moved to approve Resolution 16-008 approving rate increases for Waste Connections with an effective date of April 1, 2016.
Commissioner Kramer seconded the motion which passed unanimously.}}}**

Commissioner Hege asked Ms. Campbell if this will be acceptable. Ms. Campbell replied that this is change in law and not a contract adjustment; she said that she is okay with that.

**{{{Commissioner Hege moved to approve Resolution 16-009 approving rate increases for Wasco County Landfill with an effective date of April 1, 2016.
Commissioner Kramer seconded the motion which passed unanimously.}}}**

Mr. Zalanik noted that we need to update the ordinance and the franchise agreement. Commissioner Kramer agreed adding that a letter should be sent to the DEQ to inform them about the unintended consequences of their process.

Chair Runyon adjourned the session at 4:42 p.m.

Dear Commissioners,

The Wasco County Solid Waste Advisory Committee met on March 23, 2016, to discuss the rate increase requests from Wasco County Landfill (\$.58/ton) and The Dalles Disposal. The purpose of these rate increases is to cover the new DEQ licensing fees rate increase.

It is the recommendation of the Solid Waste Advisory Committee that the Wasco County Board of Commissioners approve the rate increase requests of both Wasco County Landfill and The Dalles Disposal.
