Please attach to this application the following:

1. A copy of a survey plat or a drawing of the property showing (site plan):
 - a. Property lines;
 - b. Approximate size and location of dwelling;
 - c. Location of all buildings, walks, and other structures located within the fifty foot (50') City Lakefront easement and/or property;
 - d. The location and dimensions of any existing and/or proposed dock.
2. A copy of the deed to the property
(Note: If deed calls for subdivision lots, please attach a copy of subdivision map).
3. If applicable, a description, with construction drawing, of the proposed shoreline protection.
4. If applicable, a current photograph of existing dock.
5. \$50 Check or Money Order for Permit Fee payable to the "City of Williamstown"

General Notes:

- The width of docks will be determined by the contiguous shoreline lake frontage as follows:
 - 50 foot frontage = 30 foot dock.
 - 51 foot to 75 foot = 45 foot dock.
 - 75 foot to 100 foot = 60 foot dock.
 - 101 foot and over = 75 foot dock.
- Docks shall not extend 36 feet into the waters of Lake Williamstown from its shoreline.
- No structures or patios are allowed within the City's fifty (50) foot easement and/or on/in City's owned property, with the exceptions of walkways and handicapped accessible path(s) not to exceed 48 inches in width.
- Shoreline Protection must be documented for all new docks, additions, 50% repairs and may be required as part of new dock work proposal.
- With any new docks or additions, shoreline protection must meet specifications within the Lake Ordinance.
- As a general guideline and depending on the project, a property owner may be required to submit the following Kentucky Division of Water (KDoW) Permit Applications prior to new construction:***
 - Stream Construction Certification
 - required for most shoreline construction projects
 - Storm Water Construction
 - required if approximately 1 acre or more of land is disturbed near the lake or a stream
 - Water Quality Certification
 - required if there is approximately 300' of shoreline and/or stream construction

For details see the KDoW website at <http://www.water.ky.gov/>
