

Special Education Programing Considerations

- **To the greatest extent possible, all students will receive programming, supports, and services as listed on the student's IEP**
- **IEPs, at this time, are not being amended due to the COVID-19 situation**
- **Progress monitoring is a high priority and will be completed virtually**
- **Committee of Special Education Meetings will continue to be conducted remotely**
- **Evaluations will preferably be conducted in-person; however, may be completed virtually**
- **Communication with parents by special education team will be conducted at least bi-weekly or more frequently as needed via email, telephone, or video**
- **Student attendance will be monitored and is imperative for students to be successful at meeting their annual goals**
- **The following programming services will be conducted five days a week based on student's current schedule as listed in WITS. Access to the virtual instruction log-in information is available here (hyper link)**
 - **Integrated Co-Taught Consultant Teachers (Direct)**
 - **Self-Contained School Based - Individual Core (ELA/Math)**
 - **Resource**
 - **Instructional Support**

Please note for the students currently attending the Self- Contained District Wide 5-12 In-Person Programs who access instruction for virtual general education classes, as indicated on the student's daily schedule, these general education classes will be accessed remotely from the student's self-contained classroom.

Related Services Considerations for Virtual Model
