Organizational Meeting for 2022-2023

Greetings and welcome to the Williamsville Central School District! As one of Western New York’s top performing school districts, our mission to empower students to develop their unique potential continues to drive us to do better.

We wholeheartedly believe that our students are our highest priority. As such, we believe the opportunity for learning is everywhere and everyone can experience success. We want all of our students to thrive in a challenging and rapidly changing global community. To help accomplish this, we encourage you to stay involved and engaged, using this calendar as a resource for information about our programs, student services, and school events.

Use this calendar as a reference and please check our online calendar at www.williamsvillek12.org regularly for any event changes that may occur throughout the year.

Your ongoing support of our schools enables us to provide a high quality education that values diversity and appreciates the varied community members that make up our District. I look forward to seeing you and collaborating with you to make this a great year for all of our students.

If you have any questions, please do not hesitate to call my office at (716) 626-8005.

School Closing Information

When inclement weather or any other emergency situation forces the closing of district schools, the information will be communicated by e-Alert (see above), radio and television broadcast, and the district’s official social media outlets. Please do not telephone the schools or the District Office.

The decision to close schools in weather-related situations will normally be made before 6:00 a.m. The safety of our students and staff is the basis for any decision. Key factors that are considered include road conditions and weather reports/forecasts.

When schools are closed due to inclement weather, the following local media outlets are notified: WGRZ-TV; WIVB-TV; WKBN-TV; Spectrum News; WBEN-930 AM; KISS 98.5 FM; and WNED AM/WBFO FM.

If schools are closed because of bad weather, all other activities including sports practice, student activities and Community Education classes will be cancelled.

Closing during the school day

On rare occasions it may be necessary to close a school during the day due to loss of power, loss of water or other emergency situations. If this occurs, procedures are in place to transport students to another building, if necessary. Students and staff may remain at the alternate site until the regular dismissal time. A pre-established program of instruction would be implemented at the alternate site.

Parents are reminded to provide the school office with up-to-date emergency contact information. Also, families are encouraged to have a plan in place should students be dismissed early because of an unanticipated emergency. Your children should be familiar with a safe alternate site (e.g. neighbor’s house) where they may go until a parent arrives home.

Use of School Facilities

Community organizations are welcome to use school buildings and grounds when not in use by students. Groups must submit a written application for a permit and provide proof of insurance. In some instances a fee may be charged to cover the cost of staffing the building with a custodian. Policies regarding fees, insurance, restrictions, responsibilities for damages incurred, and safety requirements for use of swimming pools and other school facilities are available to applicants through the school offices.

School Safety

Crisis & Emergency Management

The Safe Schools Against Violence in Education Law (SAVE) and New York State Commissioner of Education regulations require all school districts to have a district-wide safety plan. The Williamsville Central School District has a comprehensive plan, adopted by the Board of Education, which outlines specific actions and responses to emergency situations, violence prevention, and mental health.

In addition, building level emergency response plans have been formulated which are reviewed annually by safety teams comprised of administrators, faculty, parents, law enforcement, fire officials and community members.

The District provides ongoing training to school administrators and other staff members to ensure that we are well prepared and children are protected. Emergency drills are conducted routinely in collaboration with the Town of Amherst Police Department at every school to further enhance our practices.

Please know that should an emergency occur, the District will do what is necessary to protect children and then, under the direction of law enforcement, will inform parents and the community as accurately and fully as possible. Our schools are prepared to keep your children secure and safe should a situation arise that prevents or postpones dismissal. Together with emergency response officials, the District will make every effort to provide a steady, reliable flow of information to parents and the public.

Finally, in partnership with the Amherst Police Department, three full-time School Resource Officers (SRO) are assigned to the Williamsville CSD and are on-site when school is in session. The SRO works closely with the school and District administrators, and serves as an additional resource for all of our schools.

SafelHomes

SafelHomes is a community-based parent networking campaign founded on the belief that in order to prevent a child from using alcohol and other substances, you need to create an atmosphere where such use is not acceptable. When parents join together and take a united stand against substance use and abuse, prevention is much more effective than if parents act separately. For more information about SafelHomes, please contact the Amherst Town Youth Board Safe Homes Program at (716) 839-1157 or the Erie County Council for the Prevention of Alcohol and Substance Abuse at (716) 831-2298.
Youth Wellness Program
The District is committed to providing necessary resources to develop assets and prevent risk taking behaviors. Williamsville’s comprehensive Youth Wellness Program provides education/prevention, intervention/referral, and support services. Although programs and activities vary from school to school, all focus on creating a culture of acceptance, respect and compassionate caring.

A committee of parents, students, teachers, community members, and administrators oversees this proactive student assistance program. The Williamsville Youth Wellness Council facilitates programs and activities across the District. In addition, each school has identified personnel to serve as Youth Wellness Facilitators responsible for coordinating programs and activities to address student needs.

The foundation of all wellness initiatives is based on the five social-emotional competencies. We believe in a partnership among schools, families, and community to ensure that our students receive consistent messages to promote resiliency, thriving indicators and emotional health. By focusing on relationships, opportunities, skills, character and self-perceptions - the assets - we consistently work together to ensure a positive future for all students.

A comprehensive Board of Education report highlighting district-wide and building specific initiatives may be found online at www.williamsvillek12.org/youthwellness.

What are Social Emotional Competencies?
The Collaborative for Social and Emotional Learning (CASEL) has identified five core competencies that support academic learning and lead to long-term outcomes of emotional wellbeing. The five competencies are: self-management, self-awareness, social awareness, responsible decision-making, relationship skills. The good news is that these competencies can be taught and learned. The Social Emotional Learning (SEL) practices including community circles, mindfulness, and trauma informed educational practices. These practices are being taught and utilized in a variety of places within each of the school building. As well, Restorative Practices, a NY’s Education Department initiative, began at two middle schools during 2018-2019 school year. Thus far, the response from students and staff has been positive and has grown outside of the original two schools in the pilot study. During the 2020-2021 school year UB’s Institute on Trauma and Trauma Informed Care has partnered with the district to infuse Trauma Informed Educational Practices to strengthen the work in restorative practices and social emotional learning. SEL Competencies and Community Circles are foundational in providing students with a robust and vibrant classroom and school culture of predictability, safety, connection, and caring.

If you would like more information regarding SEL development, prevention, intervention and/or support, please refer to the District website at williamsvillek12.org/youthwellness. You may also contact the Assistant Superintendent for Exceptional Education and Student Services at (716) 626-8061 if you should have specific questions about the Wellness Program.

Confidentiality
The District adheres to the Family Educational Rights and Privacy Act (FERPA). Private health care providers must follow other laws called Health Insurance Portability and Accountability Act (HIPAA). In instances where the school needs to communicate with private health care providers, the parent will be required to provide active written consent to their health care provider in order for school officials to be able to speak with them. Please be advised that confidential medical information will be shared only with district personnel with a need to know. This may include understanding the impact a medical condition could have on a child within the classroom setting and/or how to recognize and manage potentially significant medical concerns until medical help arrives. If you have any questions, please contact your school nurse.

New Student Registration
New students are registered at the District Office, with the exception of entering kindergarteners who are already included in the district census. Children are eligible to enroll in kindergarten if their fifth birthday falls on or before December 1. Kindergarten registration is held in the spring at the assigned elementary school. An original birth certificate is required as proof of age. Proof of immunization and two proofs of residency are also required.

Families new to the district should register their children as soon as possible and may schedule an appointment to complete the registration process online at www.williamsvillek12.org. Information regarding registration procedures can be obtained by contacting the Central Registrar at (716) 626-8001 or visiting the district website. Visits to the school will be arranged by the Central Registrar upon enrollment.

As one component of the registration process, please be advised you have the right to refusal and evaluation of your child(ren) for the purposes of accessing special education programs or services. You may submit a written request to: Special Education Coordinator, 105 Casey Road, East Amherst, NY 14051. Additional information is available in the New York State Education Department’s Parent Guide to Special Education, available online at http://www.p12.nysed.gov/specialed/publications/policy/parentguide.htm. District residents may check the schools of attendance assigned to their home address via our online street directory. However, we strongly encourage families to contact the Office of Student Services at (716) 626-8007 to confirm feeder pattern assignments.

Students who temporarily reside within the Williamsville Central School District are not eligible to attend schools in the district. Businesses and/or organizations involved in recruiting students to participate in programs which they operate (e.g. dance, sports including those operating under the Billet provision, etc.) are advised to inform students and families of this information. Only those students whose guardians maintain their primary permanent residence within the district and with whom the student maintains their regular nighttime residence will have the ability to access a free and appropriate public education within the school district.

Open Enrollment
Open enrollment provides an opportunity for resident students to attend schools within the Williamsville Central School District outside of a student’s assigned attendance area. Schools available for open enrollment during the following school year, based primarily upon anticipated enrollments, is reviewed annually by the Board of Education. If a school is expected to be near or at capacity, the school may be “closed” to any students who reside outside the designated attendance area.

The Office of Student Services must receive written requests for open enrollment for the 2022-2023 school year by June 2022 for all school levels, except kindergarten students have a July 1, 2022 deadline. Please contact your current school of attendance for more information, or call the Department of Exceptional Education and Student Services at (716) 626-8007.

Immunization Requirements
All students of the Williamsville School District must meet immunization requirements of New York State Public Health Law. The New York State Health Department issued new immunization requirements for school entrance/attendance for the 2022-2023 school year, please see New York State Immunization Requirements for School Entrance/Attendance document for a complete list of immunization requirements with vaccine specific footnotes. Intervals between the required vaccine doses must be in accordance with the ACIP schedule. Please work with your child’s health care provider and school nurse to determine what immunizations are needed to comply with the new vaccine requirements. These minimum requirements include:

1. Diphtheria and Tetanus-containing vaccine and Pertussis vaccine (DTaP/DTP/Tdap): three doses, grades 6 through 12; three to five doses, grades K through 5.

2. Tetanus and Diphtheria toxoid-containing vaccine and Pertussis booster (Tdap): one dose, students eleven years of age or older enrolling in grades 6 through 12 who have not previously received a Tdap at 7 years of age or older.

3. Polio vaccine (IPV/OPV): four doses, grades K through 12, unless third dose was received at four years of age or older.

5. Hepatitis B vaccine: three doses, grades K through 12.

6. Varicella (chickenpox) vaccine: two doses, grades K through 12 OR documentation of positive disease history from the health care provider.

7. Meningococcal type A, C, W and Y (MenACWY) vaccine: one dose, grades 7 through 11; two doses, grade 12 with one dose on or after the age of sixteen. Demonstrated serologic evidence of measles, mumps, rubella, hepatitis B, varicella or *polio (must be for all three serotypes) antibodies is acceptable proof of immunity to these diseases. Diagnosis by a healthcare provider that a child has had varicella disease is acceptable proof of immunity to varicella.

Please note: *Polio serology to all three polio serotypes is no longer available in the United States and is not an acceptable proof of immunity unless the serology testing was performed prior to September 1, 2019 and demonstrated positive immunity to all three polio serotypes.

Student Attendance
New York State education law requires that all students attend school every day it is in session unless legally excused. The educational program offered by Williamsville schools is predicated on the presence of the student and requires continuity of instruction and classroom participation. Any absence from school requires a note from the parent or guardian as to the reason for the absence. Excused absences are:

- Personal illness
- Illness or death in family
- Medical appointments
- Unsafe travel conditions
- Approved religious observance
- Quarantine
- Required court appearances
- Approved cooperative work program
- Approved college visits
- Military obligations
- Late bus
- School-sponsored field trips
- School endorsed, but non-school sponsored activities
- School-sponsored field trips
- School-sponsored field trips

Absence for any other reason is considered unexcused. Absences are also marked unexcused if a hand written explanation of the absence is not received within three days of the date of the absence.
Student Health Services

The Williamsville Central School District maintains health offices in each of its schools, staffed with fully qualified, professionally licensed registered nurses. Students remaining for after-school activities such as sports are under the supervision of an adult. Professional registered nurses are not on duty after school hours but all members of the coaching staff are trained in first aid in accordance with state guidelines. The district also retains the services of a physician to provide consultation to administration and nursing staff. In addition, a nurse practitioner is available to conduct physical examinations of students with parental permission.

When an emergency arises, either during or after school hours, every effort is made to notify parents or the emergency contacts provided. In extreme emergencies and when parents or their designees are not able to be contacted, the student’s health and safety may necessitate transportation by ambulance to a hospital.

The district expects every family to provide the school with emergency phone numbers that are up to date and accurate. Accordingly, an emergency card must be completed annually for all students.

The prevalence of chronic medical conditions such as diabetes, obesity, and life-threatening allergies have been steadily rising in our school-age population. It is important that established protocols be followed including guidance regarding food and food products in your child’s classroom.

Physical Examinations

New York State education law requires that a physical exam be completed for all new entrants (including Kindergartners), and those enrolled in Grades 1, 3, 5, 7, 9 and 11. Students participating in interscholastic sports must have a current exam (within 12 months of start of season) and an updated health history (within 30 days of start of season). Students desiring work permits also must have a current physical exam. The Board of Education recommends that medical examinations be conducted by a family’s private health care provider for optimal continuity of health care. Parents’ guardians must furnish a health certificate signed by a duly licensed physician, nurse practitioner, or physician’s assistant by September 30 for mandated examinations. For families without private health care, the district will assist you in finding quality private care and may provide physical examinations scheduled at the convenience of the district during the school year. However, written parental permission is required for any in-school examination.

As part of the school health examination (new entrants, along with students enrolled in grades K, 1, 3, 5, 9, and 11), medical providers are required to provide the child’s Body Mass Index [BMI] and weight status category. Williamsville Central School District is required to complete a survey for the New York State Department of Health that will include a summary of this information for the purpose of assisting in the development of future health programs for children. No student will be personally identified. You may choose to have your child’s BMI and weight status category excluded from this survey by contacting your child’s school nurse.

Medication Guidelines

Parents should be aware of the strict guidelines established by New York State for medication administration in schools. The following rules must be adhered to in all district buildings:

1. Prescription and over-the-counter medications:
   1. The school nurse must have a written request from the child’s physician that indicates the name, frequency, dosage, route, and side effects of the medication. In addition, the condition being treated and the length of time the medication is to be administered are to be specified by the physician.
   2. The nurse must have a written request from the parent to administer the medication as specified by the physician. A verbal or telephone request is not adequate.

2. Both types of medications must be either in the container prepared by the pharmacist or the original OTC medication bottle. Both containers must include the name and strength of the medication. (Note: The pharmacy label does not constitute a written order and cannot be used in lieu of a written order from a licensed prescriber.) When having prescriptions filled, parents should request two containers - one for home and one for school.

3. All medication must be delivered directly to the nurse by the parents. Parents/guardians are advised to contact the school nurse to schedule a pick-up/drop-off time for their child’s medication. No medication should be sent to school with the child. No medication is permitted to be carried on the bus without pre-approval.

4. Medication orders must be renewed annually and for any time there is a change.

5. Medication will be kept in a locked, secure cabinet in the Health Office. However, some students may carry personal emergency medical supplies as prescribed by physicians and with the knowledge of the school nurse.

6. Independent carry and use of life-saving medications such as, but not limited to, an Epi-pen or inhaler are permitted for students who have a diagnosis of a life threatening medical condition such as, but not limited to, anaphylaxis or asthma. Appropriate documentation and completion of medication administration forms must be on file with the building nurse.

7. Parent cooperation is necessary and greatly appreciated. If there are any questions regarding this matter, please contact your child’s school nurse.

Medication management on school sponsored field trips:

Please see your child’s school nurse in advance to discuss the process for medication administration on field trips and to complete the required paperwork. A nurse or properly trained designee will carry the medication and will oversee your child in the administration of the medication. Additionally, overnight or extended trips will require authorization by the child’s medical provider and parent.

Screenings

As mandated by State education law and district policy, during each school year students in K, 3, 5, 7 and 11 receive a vision screening for distance acuity and near vision, and hearing. In addition, students are screened once in kindergarten or upon entrance, for color perception. Finally, male students in grades 9 and female students in grades 5 and 7, are screened annually for scoliosis. Screenings are usually completed by March. Parents are advised of any recommended follow-up necessitated by these screenings. Please contact your child’s health office by October 1 if you wish to have your child precluded from the screening process. The family will then assume responsibility for providing information from their primary health care provider regarding the student’s health in these areas.

Concussion Management

A concussion is a type of traumatic brain injury (TBI) which alters the functioning of the brain. A concussion can occur with any bump, blow, or jolt to the head or body that causes the brain to quickly move back and forth. Concussions can occur as a result of a fall, motor vehicle accident, accident on the playground, during athletic participation, or during many other activities. All concussions are serious and need to be evaluated by a health care professional.

The district follows the International Consensus Conference Guidelines for Return to Play (RTP) to team sports in a monitored and graduated progression of activity over six phases once the athlete is symptom free for at least 24 hours and medically cleared by their physician. See the school nurse for more details regarding the RTP process.

For further information on the signs and symptoms of a head injury or TBI and for information on how to best protect your child, please visit the following websites:

- www.cdc.gov/concussion/headsup/
- www.cdc.gov/traumaticbraininjury/

Family Members as Medical Providers

Medical clearances, requests, forms, certificates, prescriptions, medical orders or any other medical notice or excuse will NOT be accepted if written by a parent/guardian or close family member who is acting as the child’s health care provider. All the aforementioned documents, clearances or recommendations must be written by the student’s primary health care provider, who is neither the parent/guardian or close relative, in order to be accepted by the district.

Homeless Students

The McKinney-Vento Homeless Assistance Act affords specific rights to preschool and school-aged children experiencing homelessness. The district’s designated liaison for assistance under this act is the Coordinator of Student Services, 626-8007. Additional assistance is available by calling the toll-free for the National Center for Homeless Education at 1-800-308-2145.
Gifted Programming
Williamsville CSD Gifted Programming Services uses the level of service model developed by Dr. Donald Treffinger with the goal of fostering strengths in all children. Gifted programming also seeks to recognize those children who demonstrate talents and sustained interests expressed at a high level, and to subsequently provide appropriate program options for students to develop and apply these talents and skills.

Giftedness is represented through achievement and creative productivity over a sustained period of time in a domain that matters to the child. This concept of giftedness includes characteristics that can be nurtured or enhanced through appropriate instruction and experiences. Talent denotes the increasingly specialized aptitudes or abilities that develop in youth as a function of general intelligence and experiences at home, school, and the community. Talent grows as students develop specific skills, interests and motivations. When talent and expertise unite with creative abilities, the achievement and productivity that mark giftedness becomes evident.

Rehabilitation Act - Section 504
In compliance with Section 504 of the Rehabilitation Act of 1973 and the Americans with Disabilities Act (ADA), the Williamsville Central School District does not discriminate on the basis of disability. No qualified student, on the basis of such disability, shall be denied access to any of the district’s educational programs or activities. The Assistant Superintendent for Exceptional Education and Student Services, 626-8061, is designated as the district’s 504/ADA compliance officer.

Child Find
Pursuant to Federal Regulations and New York State Education Law, the Williamsville Central School District seeks to locate, identify, evaluate and maintain information about all children with disabilities residing within the district, including those attending non-public schools within our geographical boundaries. Child find provisions extend to all resident and non-resident children attending schools within our district. Parents and/or legal guardians who believe their child has a disability and may be in need of special services are advised to contact the Department of Exceptional Education and Student Services at 626-8065. Children who are homeless or considered wards of the State are also entitled to these services.

Child Abuse Hotline
Section 409-1 of the New York Education Law, which became effective January 17, 2017, requires schools to post English and Spanish information for the toll free number operated by the New York State Office of Child and Family Services. Should you suspect or have knowledge that you or a child is being abused or maltreated report it immediately by contacting the number below.

The toll-free telephone number operated by the NYS Office of Child and Family Services to report child abuse or neglect is 1-800-342-3720. The OCFS website is http://ocfs.ny.gov/main/cps

Special Education
Special Education consists of specially designed instruction for students (ages 3-21 years) who have been identified by either the district’s Committee on Preschool Education (CPSE) or the Committee on Special Education (CSE) as having a disability which interferes with learning. These multidisciplinary teams of parents and professionals are responsible for determining eligibility, coordinating evaluations, and recommending programs or services. Members of the committee include the child’s parent(s), a school psychologist, a special education teacher, a general education teacher, a parent of a child with a disability (upon request), and an administrator. Additional professionals, such as a building principal, speech/language pathologist, and the school physician, may also participate.

The committees, appointed by and responsible to the Board of Education, hold meetings on a regular basis. The district is committed to identifying children with disabilities and providing appropriate services and supports within the least restrictive environment. Should you suspect your child has a disability, please contact your building principal or the Office of Exceptional Education and Student Services at 626-8065.

In addition, all children receiving special education supports are entitled to a review at least once yearly. The purpose of this annual review is to recommend the continuation, modification, or termination of the provision of special education programs and services. Parents are strongly encouraged to attend these meetings, typically held at the child’s school of attendance.

Childcare Before and After School
Before and after school child care programs are offered in some of the elementary and middle schools. This before/after school opportunity is not a district program and is supervised exclusively by employees of the provider. Information on these programs may be obtained from our elementary and middle school office.

Library Media Services
The Williamsville Central School District is committed to providing open intellectual and physical access to materials in a variety of formats that support the curricular, personal interest, and enrichment needs of students and staff. Librarians, in collaboration with other faculty members, have selected and organized diverse resources including a variety of print and digital materials housed in the library, and digital resources available through library websites or WITS pages. School library home pages provide links to pre-selected websites, online databases, and digital texts that are accessible 24-hours a day.

In addition, each school has a robust collection of digital materials. For more information, contact your child’s library media specialist or school principal.

Alternative Instructional Model (AIM)
In addition to the three high schools, Williamsville has an Alternative Instructional Model (AIM) for students enrolled in grades 10-12. AIM provides students with a unique learning environment designed to facilitate the development of positive attitudes toward self, school and community.

The AIM community is one that emphasizes participation, respect, caring and trust. Supports include increased student-teacher, student-counselor contact; flexibility in scheduling, staffing and use of facilities; varied instructional strategies; and community service experiences. Students may also participate in vocational programs offered at the Harkness Career and Technical Center. The students, in turn, must be able to work independently and demonstrate a solid commitment to completing the coursework leading to attainment of their high school diploma. Students in the AIM program may return to their home school or continue at AIM to complete their high school education. The AIM building is located on the North High School campus.
Transportation
Williamsville operates one of the largest and safest school transportation services in New York State, busing over 11,000 resident children to more than 75 sites every day. In accordance with state law, the district establishes bus routes and pick-up points based on the distance limitations set by district policy. Most bus stops are established at street corners and fire hydrants. Students in grades K-4 may be expected to walk up to one-tenth of a mile to an established bus stop while students in grades 5-12 may be expected to walk up to two-tenths of a mile to an established bus stop. Consistency and fairness are key standards in implementing this policy. Students should be at their bus stop five minutes before their scheduled pick-up time.

My Stop
The Williamsville Central School District also offers parents access to the My Stop bus tracking program. This program allows parents to track their child’s school bus on its route and provides estimated arrival times for both morning and afternoon bus routes. Information on how parents can use this application is available on the Transportation page of the district's website under the Departments tab.

Bus Safety Tips for Parents
• Parents are responsible for getting their children to and from the bus stop safely.
• To prevent running to the bus stop, please have your child/ren at the bus stop five minutes prior to the estimated pickup time.
• Students should be attentive when loading and unloading the bus because clothing, backpack straps, and other carry on items can become entangled as a child gets on or off a bus.
• The most dangerous area is at the loading and unloading areas. Instruct your children to stay back away from the bus until it is okay to board.
• Instruct your children to remain seated while on the bus, and avoid horseplay or being exceptionally noisy.
• Stop for school buses with red lights flashing...even in the school parking lot!

Bus Safety Tips for Students
• Be on time! Students should be at their bus stop five minutes before their scheduled pick-up time.
• NEVER run to or from the bus
• Stand well back from the curb
• Stay in your seat. Keep the aisles clear and keep heads and arms inside windows
• ALWAYS obey the driver. The bus driver is the authority on all school buses. Students are required to follow his or her directions at all times, including on field trips and athletic trips.
• Drivers may change student seating to monitor safety
• Keep the noise level down and avoid distracting the driver
• There is no eating or drinking on the bus
• Wait for the driver’s signal before crossing the street
• NEVER bend down near or under the bus
• Cross at least 10 feet in front of the bus
• ALWAYS check for traffic both ways before crossing

Child Nutrition Services
The Williamsville Child Nutrition Program provides meals with a variety of healthy foods that are appealing to students and meet the USDA nutrition standards as well as the criteria for the Healthy Hunger-Free Kids Act of 2010. Our menus feature appetizing and nutritious food choices including a variety of fresh fruits and vegetables that are local when the season permits.

2021-2022 Breakfast and lunch will be provided FREE to all students at every grade level. Reimbursement for meals is through state and federal funds. Child Nutrition is permitted to provide one breakfast and one lunch meal per student. Second entrée, milk or meals may be purchased along with snack items. Parents are encouraged to utilize myschoolbucks.com for all items purchased. To register your child, you will need the nine-digit student ID number listed on your child’s report card. Any remaining student account funds “graduate” each year to the child’s next grade/school. Payment at register is also available. There can be no charging of second entrée items, lunch or snacks.

Although breakfast and lunch are free for the 2021-2022 school year, income forms will still be provided. This information is utilized for additional funding for the district, exam waivers, college application waivers and areas not related to the Child Nutrition Program. Please complete the Household Income Form in September 2021 and return to your child’s school.

For more information about our Child Nutrition Program, please call 626-8870. Procedures are subject to change with guidance from the State Education Department regarding COVID-19.

Music
The Williamsville Central School District’s commitment to quality education offers students a comprehensive music program. Over fifty percent of students enrolled in grades 3-12 are involved in performing ensembles and the District boasts exceptionally active New York State School Music Association (NYSSMA) student participation in festivals. Each year the District hosts regional evaluation festivals at multiple locations. There is an active composition program with students and staff gaining local, state, and national recognition. The District’s performing ensembles regularly make guest appearances at music conferences.

A dedicated staff of 50 music teachers is actively involved in professional music education organizations. Approximately 35 faculty members are active professional performers and five are published and/or recorded composers. In addition, many Williamsville music staff members have been featured guest lecturers at music education conferences. Nineteen Williamsville music teachers have been selected for the prestigious Erie County Council of Music Coordinators/Buffalo Philharmonic Orchestra “Award for Excellence in Music Education” since the award’s inception. The Williamsville CSD has been recognized thirteen times as a “Best Community for Music Education” by the NAMM Foundation.

The mission of the music program is to develop in K-12 students an appreciation, understanding and talent for music in order that they might progress on to a career in music, continue with music throughout their life as an avocation and support music and the arts as adults.

Athletics
Williamsville’s interscholastic athletic program is one of the largest high school sports program in New York State. Participation of high school students is consistently high, with 192 teams from modified to varsity levels. In accordance with applicable law, regulations, and guidelines, the district will ensure that students have equal access to all school programs, facilities, and activities. The district will assess and address the specific needs of each student on a case-by-case basis.

Any weapons, alcohol or illegal substances found shall be confiscated immediately, followed by notification of the parent and the appropriate disciplinary action taken, up to and including permanent suspension and referral for prosecution. When a student violates the Code of Conduct and such misconduct is a crime as defined by the NYS Penal Law, District officials/building principal shall notify the appropriate law enforcement agency. Additionally, if such misconduct is committed by a student with a disability, such action shall not constitute a change in the student’s placement. The notification must identify the student(s) and explain the conduct that violated the code of conduct and constituted a crime.

DISCIPLINARY EXPECTATIONS AND PENALTIES
Discipline is most effective when it deals directly with the problem at the time and place it occurs and in a way that students view as fair and impartial. School personnel who interact with students are expected to use disciplinary action only when necessary and to place emphasis on the students’ ability to grow in self-discipline.

As a general rule, discipline will be progressive. This means that both the number of violations and severity of the behavior will be considered when determining consequence. For example, a student’s first violation will usually merit a lighter penalty than subsequent violations. In addition, discipline will include an educative component, providing students with an understanding of the effects of their behavior upon others and an opportunity, as determined by District Administration, to repair the harm done as a component of the process.

Measured, balanced, progressive, and age-appropriate responses will be provided as a response to discrimination, harassment, and bullying of students and/or employees. Remedial responses place the discipline focus on discerning and correcting the reasons why discrimination, harassment, and bullying occurred. The remedial responses are designed to correct the problem behavior, prevent another occurrence of the behavior, and protect the target of the act.

Students who are found to have violated the district’s code of conduct may be subject to the following penalties, either alone or in combination with one another. School personnel identified after each penalty are authorized to impose that penalty, consistent with the student’s right to due process.

- Verbal warning - any member of the district staff
- Written notification to parent- teachers, building administrators, superintendent

DIGNITY FOR ALL STUDENTS
The Dignity for All Students Act (DASA) was signed into law on September 8, 2010 and took effect on July 1, 2012. The Act prohibits harassment and discrimination of students by peers and by school personnel. It covers all public elementary and secondary aged students and applies to behaviors on school property, in school buildings, on a school bus, as well as school-sponsored events or activities. The District has identified at least one employee at every school to serve as the DASA coordinator. The law requires these individuals to be trained to “handle human relations” in the protected areas and sets the expectation that all administrative staff have also been apprised of the intent, purpose and requirements of the Act. An overview of DASA is to be provided on an annual basis to faculty, staff and students. Such training for staff and students is intended to raise awareness, provide strategies for prevention, and offer methods of responding to acts of discrimination and/or harassment.

The names of DASA Coordinators are posted at the district office and each school, as well as on the district website. We encourage students, parents/persons in parental relation, and members of the community to report incidents of discrimination or harassment by contacting the building administration or the DASA Coordinator directly, or by submitting a written report. An incident reporting form is posted on the district website, www.williamsvillek12.org under the Parents & Students tab.

The DASA legislation also resulted in several amendments to New York State Education Law. By creating a new Article 2 and revising Sections 801(a) and Section 2801, school districts are now required to expand instruction in civility, citizenship and character education to include “an awareness and sensitivity in the relations of people, including but not limited to: different races, weights, national origins, ethnic groups, religions, religious practices, mental or physical abilities, sexual orientations, gender identity or expression, and sexes.” The latter amendments require Boards of Education to include language addressing DASA in their codes of conduct.

Effective July 2013, amendments to Article 2 and Section 801-a of State Education Law significantly expanded the scope and intent of DASA to include provisions on cyberbullying and make the Act applicable, in certain instances, to conduct occurring off school premises.
The District’s Code of Conduct also addresses the following topics, listed here with a brief description of the content contained in the policy. For the complete text, the Code of Conduct is available in each school, the District Office, and online at www.williamsville.k12.org.

- **Student Dress Code** – The responsibility for student dress and general appearance rests with individual students and parents. However, the Board of Education will regulate a student’s dress to ensure that students attend school or school-sponsored events such as dances in appropriate attire that meets health and safety standards and does not interfere with the learning process.

- **Minimum Suspension Periods** - Any student, including a student with a disability having been afforded statutory protections under the IDEA, who repeatedly is substantially disruptive of the educational process, substantially interferes with the teacher’s authority over the classroom, or who acts in a way that would qualify him/her as a violent pupil under NYS Education Law 3214, shall be subject to a minimum suspension period of five (5) school days. This minimum suspension period may be reduced on a case by case basis by the suspending authority consistent with any other state or federal law.

- **Student conduct on school bus** – It is crucial for students to behave appropriately while riding on school buses, to insure their safety, that of other passengers and to minimize distractions for bus drivers. Since the school bus may be regarded as an extension of the classroom, students are required to conduct themselves on the bus in a manner consistent with the expectations established under the Disciplinary Code for Student Behavior (Section VI). Excessive noise, pushing, shoving and fighting will not be tolerated. Also, it is important that those waiting for buses conduct themselves properly in respect to the rights and property of others.

- **Corporal Punishment** – Defined as any act of physical force upon a student for the purpose of punishing that student, corporal punishment of any student by any district employee is strictly forbidden. However, in certain situations, reasonable physical force may be used to protect oneself or someone else from physical injury when alternative procedures and methods not involving the use of physical force cannot reasonably be employed to achieve the same purposes.

- **Discipline of students with disabilities** – If the conduct of a student is caused by a disability or suspected disability, the student may be referred to the Committee on Special Education.

- **Student searches and questioning** – Any school official authorized to impose a disciplinary penalty on a student may question a student about an alleged violation of law or the code of conduct. Students are not entitled to any sort of “Miranda”-type warning before being questioned by school officials, nor are school officials required to contact a student’s parent before questioning the student. If police are involved in the questioning of students on school property, whether or not at the request of school authorities, it will be conducted in accordance with applicable law and due process rights afforded students.

- **PINS Petitions** – A person in need of supervision (PINS) petition may be filed with the Department of Social Services for any student under the age of 18 who demonstrates that he/she requires supervision and treatment by (1) being habitually truant and not attending school as required by education law; (2) engaging in an ongoing or continual course of conduct which makes the student ungovernable or habitually disobedient and beyond the lawful control of the school; (3) knowingly and unlawfully possession marijuana in violation of the law.

- **Visitors to the schools** – Schools are a place of work and learning and as such, certain limits must be set for visitors. Arrangements must be made in advance with the principal’s office so that class disruption is kept to a minimum. All visitors must report to the principal’s office, sign in and receive a visitor’s identification badge, which must be worn at all times while in the school or on school grounds. All visitors are expected to abide by the rules for public conduct on school property contained in the code of conduct. Visitors who violate the code of conduct may be removed and further precluded from being on the premises.

- **Public conduct on school property** – The purpose of this provision is to maintain public order and prevent abuse of the rights of others while on school property. The Board of Education recognizes that the primary purpose of the district is to provide a superior atmosphere for learning and education. Any action by an individual or group aimed at disrupting, interfering or delaying the education process or having such effect is in violation of this policy. The Board will seek restitution from and prosecution of any person or persons who willfully damage school/district property.

Public conduct not permitted on school property or at school functions include, but not limited to: intentionally injuring any person or threatening to do so; engaging in behaviors that are harassing or discriminatory in nature; intentionally damaging or removing district property; using language or gestures that are profane, lewd, vulgar or abusive; disrupting the orderly conduct of the school, school programs or other school activities; entering any portion of the school premises without authorization or remaining in any building or facility after it is normally closed; obstructing the free movement of any person in any place to which this code applies; violating the traffic laws, parking regulations or other restrictions on vehicles; possessing, consuming, selling, distributing or exchanging alcoholic beverages, illegal or controlled substances, or being under the influence of any substance on school property or at a school function; possessing or using firearms or other weapons in or on school property or at a school function, except in the case of law enforcement officers or except as specifically authorized by the school district; loitering on or about school property; gambling on school property or at school functions; stealing District property and/or the property of another individual; refusing to comply with any lawful order of identifiable school district officials performing their duties; willfully inciting others to commit any of the acts prohibited by this code; smoking or use of e-cigarettes or other tobacco products on school property; violating the Acceptable Use of Technology procedures established by the school district.
Williamsville Central School District is committed to the use of technology to facilitate student learning, allow for successful interaction in a 21st century skill environment, and to assist students in achieving personal, educational and workplace goals.

Technology integration is based in part on the International Standards for Technology Education for Students (ISTE) which promotes the use of technology to develop students to become empowered learners, practice digital citizenship, construct knowledge evidence, design innovatively, develop computational thinking, communicate creatively and collaborate globally.

Students engage in a variety of ways to meet the ISTE Standards for Students that include using various instructional technology tools for enhancing writing, research and the digital creation process to demonstrate understanding, validate Internet resources, practice digital citizenship and safety, create multi-media rich projects, use technology to identify and solve problems, analyze and report data, as well as increase their digital productivity skills.

In addition to technology integration, the district strives to use technology to encourage communication among all stakeholders within the school community through WITS (Williamsville Information Tracking System), and our public website. The District Technology Plan can be found in its entirety at www.williamsvillek12.org in the Technology Services section.

The Williamsville Central School District will make available a variety of technological resources to support learning and enhance instruction. Our goal is to provide access to diverse, state-of-the-art technology tools to facilitate resources, for sharing innovation, and for communication. Students take on certain responsibilities, including the use of these technology tools in an ethical manner. (For detailed information please refer to the Acceptable Use Policy for Technology - Policy #7315; Use of Digital Devices - Policy #7316; Privacy and Security for Student Data and Teacher and Principal Data - Policy #5676 and the District Code of Conduct available online at www.williamsvillek12.org).

Access to computer technology will include filtered access to the Internet. While every reasonable effort will be made by school district personnel to monitor proper usage and provide Internet filters to questionable materials, parents and/ or guardians are encouraged to provide guidance in Internet use for selecting, sharing or exploring information and media. (For detailed information, please refer to Internet Filtering - Policy #8271.)

In order to address the New York State learning standards and to achieve the career development and occupational learning standards articulated by the New York State Department of Education, students will be provided access to instructional materials and processes only available through the use of technology resources. Student user accounts will be created for such access. WCSD provides district-controlled G-Suite For Education (GSFE) accounts to our students. GSFE strategically aligns with the District’s approach to incorporating best practices with regard to instructional technology. As teachers incorporate GSFE in their classrooms, your child will receive instruction about GSFE tools at that time. The district will manage, register and administer all teacher and student accounts from an administrative dashboard. Parental consent is required for a student to have a GSFE account created and maintained by the district.

If a parent or guardian has a question regarding the use of student technology, please contact the school principal and/or teacher of the course or class.

**Why a WITS Parent Portal Account is Important**

As part of the District’s cost/paper saving initiatives, documents are available on WITS. All parents/guardians of a Williamsville CSD student have received a WITS Parent Portal activation letter. At least one parent from each student household should maintain a WITS account. One login will provide access to information for each of your children.

With a WITS account you will have access to:

- Transportation route information
- School report cards
- Secure email correspondence with teachers and administrators
- Important school information
- Access to attendance
- Student schedules

Parents who currently have an account do not need to re-register. Parents who would like to request another activation letter should call the WITS Parent Help Desk at 626-8058.

Parents requesting to have information mailed should make their request directly to the school building their children are attending.

Family Rights and Privacy

The district’s procedures for the confidentiality of student records are consistent with federal statutes, including the Family Educational Rights and Privacy Act (FERPA). The parents, those acting in a parental relationship, or eligible students of the Williamsville Central School District are hereby notified that you have the following rights in relation to student records under the Family Educational Rights and Privacy Act (FERPA) and Board of Education Policy #7240:

1. The right to inspect and review a student’s education records, unless otherwise limited by court order or other legally binding instrument, within 45 days of receipt of request.

2. The right to request the amendment of the student’s education records that the parent or eligible student believes are inaccurate, misleading or otherwise a violation of the student’s privacy or other rights.

Although not required by FERPA, the District may, under limited circumstances, amend or modify education records to reflect a legal change in demographic information. A parent/guardian of a student under the age of 18 or a student who is 18 years of age or older or who is attending an institution of post-secondary education may seek an amendment to an education record(s) to reflect a change in the student’s demographic information, upon submission to the District of necessary proof substantiating such change. Any such request for an amendment or modification to an education record(s) must be submitted in writing to the Assistant Superintendent of Exceptional Education and Student Services.

Necessary proof substantiating a change in demographic information may include, but is not limited to:

a) Record(s) or certification(s) from the student’s treating physician, psychologist and/or psychiatrist verifying a medical change in gender; and
b) Record(s) from a court demonstrating a legal name change; and

c) Any other record(s) deemed relevant by the district determining the particular request.

Upon medical and/or legal proof of change, the district will provide the student and/or his/her parent with an updated transcript to reflect the change in demographic information. Such updated transcript will reflect the name, gender, social security number and address of the student as of the date that the transcript is issued. Transcripts will not be pre-dated.

Parents or eligible students may request such amendment by writing to the school principal (or appropriate school official), clearly identify the part of the record they want changed, and specifying why it is inaccurate. If the school decides not to amend the record as requested by the parent or eligible student, the school will notify the parent or eligible student of the decision and advise them of the right to a hearing regarding the requested amendment. Additional information regarding hearing procedures will be provided to the parent or eligible student when notified of this right.

3. The right to consent to disclosures of personally identifiable information contained in the student’s education records, except to the extent that FERPA authorizes disclosure without consent.

4. The right to refuse to have your child participate in any survey that reveals information on certain types of personal behaviors or political beliefs as well as information gathered solely for marketing purposes.

5. There are exceptions which allow for disclosure without consent:

The annual opt out procedure also applies when requests from outside media sources (print, broadcast or web-based) are granted permission to videotape, photograph or interview students during the school day. All outside media requests must be approved and coordinated by the Department of Communications and the school principal.

The opt out policy is consistent with the federal Family Educational Rights and Privacy Act (FERPA). The district will permit:

a. A student's photograph(s) to be used in a program; to provide information about or publicity for an activity, the student, school, or district; or for any other purposes approved by the Superintendent or designee.

Williamsville Education Foundation, Inc.
The Williamsville Education Foundation, Inc. is a non-profit, volunteer led, 501c3 organization. The Foundation’s mission is to gather and administer private resources to enhance the educational activities of the Williamsville Central School District and help ensure that our students receive the highest level of education.

The Foundation funds worthwhile programs that cannot be supported by the district’s annual budget. Each year, the Foundation provides grants to teachers for projects that enhance educational opportunities for students. In addition, the Foundation sponsors a biennial Williamsville Wall of Fame, honoring Williamsville alumni from the district’s three high schools who have distinguished themselves in their professions and in service to their communities. The next Wall of Fame Induction takes place in the fall of 2022.

For more information, write to the Foundation c/o the District Office at 105 Casey Rd., P.O. Box 5000, East Amherst, NY, 14051-5000 or visit the Foundation website at www.wedf.org.

Character Education
The Williamsville Board of Education adopted a policy on character education in 1999, defining character education as the conscious effort of families, schools and community groups to teach, advocate, and model ethical behavior.

The Board affirms that one of the most important functions of schools is to reflect and reinforce positive character traits and to teach the rights and responsibilities of citizenship. High standards of conduct are closely related to high levels of academic achievement; moreover, such standards are a requirement for effective participation in a democratic society.

Williamsville Central Schools strive to develop behavior that reflects widely held community values, including but not limited to: honesty, respect, responsibility, compassion, self-discipline, perseverance and giving to others. In accepting the responsibility to help all students develop their unique potential and character, the district is not usurping the role of families or other institutions in the community, but seeking to work in partnership with them.

In order to maintain a learning and working environment which supports character development, it is expected that Board members, administrators, staff, students and volunteers in the schools will recognize their role as models for others, consistently exemplifying and enforcing high standards of respect and responsibility. Teachers will incorporate character education as it arises naturally in the curriculum, in interactions with others, and in all school activities.

Sexual Harassment
The District recognizes the responsibility to provide an environment for students and staff that is free of sexual harassment and intimidation. District policies on sexual harassment are posted in each building and are available upon request to all employees and students. The district makes every effort to educate students and staff as to the definition of sexual harassment and the identification of behaviors considered to be unacceptable.

Protection of Pupil Rights
The Protection of Pupil Rights Amendment (PPRA) affords parents certain rights regarding our conduct of surveys, collection and use of information for marketing purposes, and certain physical exams. These include the right to:

- Consent before students are required to submit to a survey that concerns one or more of the following protected areas if the survey is funded in whole or in part by a program of the U.S. Department of Education or is issued by a “third party”:
  1. Political affiliations or beliefs of the student or student's parent;
  2. Mental or psychological problems of the student or student's family;
  3. Sex behavior or attitudes;
  4. Illegal, anti-social, self-incriminating, or demeaning behavior;
  5. Critical appraisals of others with whom respondents have close family relationships;
  6. Legally recognized privileged or analogous relationships such as with lawyers, doctors, or ministers;
  7. Religious practices, affiliations, or beliefs of the student or parents;
  8. Income, other than as required by law to determine program eligibility.

- Receive notice and an opportunity to opt a student out of:
  1. Any other survey seeking information about these 8 protected areas regardless of funding;
  2. Any non-emergency, invasive physical exam or screening required as a condition of attendance, administered by the school or its agent, and not necessary to protect the immediate health and safety of a student, except for hearing, vision, or scoliosis screenings, or any physical exam or screening permitted or required under State law;
  3. Activities involving collection, disclosure, or use of personal information obtained from students for marketing or to sell or otherwise distribute the information to others unless mandated by Federal or State law and/or regulation.

- Inspect, upon request and before administration or use:
  1. Protected information surveys of students;
  2. Instruments used to collect personal information from students for any of the above marketing, sales or other distribution purposes;
  3. Instructional material used as part of the educational curriculum.

These requirements do not apply to surveys administered in accordance with the Individuals with Disabilities Education Act, nor does this policy supercede the requirements of FERPA. These rights transfer from the parents to a student who is 18 years old or an emancipated minor under State law. Parents who believe their rights have been violated may file a complaint with:

Integrated Pest Management
The Williamsville Central School District has adopted Integrated Pest Management (IPM) as an effective and environmentally sensitive approach to pest management. IPM is a systematic approach to managing pests, which focuses on long-term prevention or suppression with minimal impact on human health, the environment, and non-target organisms. The district’s strategies for managing pest populations, should they develop, will be based upon the pest species and whether that species poses a threat to our students, staff, property or the environment.

The district’s IPM program was implemented in 1999. All applications are performed by a licensed applicator, contracted by the school district. The district currently utilizes various outside companies to provide inspections, monitoring, and recommendations to assist in response actions. The program goal is to use minimal amounts of pesticide to control the pest population in and around our schools (1,719,203 square feet of building space and 328 acres of grounds).

The district’s IPM program protects individuals from an imminent threat from stinging and biting insects including venomous spiders, bees, wasps and hornets. If you wish to receive 48-hour prior notification of a pesticide application, please contact your school office to have your name placed on a list for this purpose. If you have any questions regarding the district’s IPM program, please call (716) 626-8860.

Additional information may be obtained by calling the National Pesticide Telecommunication Network information phone number 800-858-7378 or the New York State Department of Health Center for Environmental Health information line at 800-484-1158.

SUMMARY of RELIGIOUS HOLIDAYS

The district’s policy on Religious Expression in the Instructional Program (#8360) is intended to foster the development of knowledge, understanding and respect for the various religious groups within our community.

We have worked hard to ensure an accurate representation of the religions found in our community. This calendar is not intended to include all religious holidays. Some additional religious holidays may be shared with district staff in September for use in the instructional program as well as to maintain sensitivity to the needs of district students from different religions. If you have a question or suggestion for future calendars, please call the Communications Office at (716) 626-8009.

Below is a summary of the religious holidays included on the calendar. Please note that: 1) * Indicates that observance begins at sundown the day before this date; 2) Hindu and Jain holidays are calculated on a lunar calendar and therefore are observed at different times in different regions of the country; 3) some religions have different sects which may celebrate different religious holidays on different dates.
