

Dodge Elementary School
Shared Decision Making Goals
2019-2020

Mission: We are a community that puts kids first. We are all in!

- 1.) All students will have consistent language in literacy through the Teacher's College Readers and Writers framework.
- 2.) To refine and enhance our response to intervention and student response team meetings.
- 3.) To continue to build a positive, welcoming, inviting and uplifting environment that is conducive and inclusive for learning and instruction.
- 4.) To continue to evaluate the impact and effect of the Positive Behavioral Instructional Supports that have been implemented building wide (all constituents) at Dodge Elementary.
- 5.) To assist and support students with social, emotional and academic challenges building wide. Additionally, further build our social emotional learning and mindfulness initiative, via peace corners, professional development, being aware and building stronger relationships.
- 6.) To be systematic and consistent in our thinking, learning and teaching by stressing common language through grade level and vertical team meetings.
- 7.) To celebrate learning and successes, whether it be inside of school or outside of school.
