

**PUBLIC NOTICE TO ALL CUSTOMERS OF THE  
WINNECONNE WATER UTILITY**

The Winneconne Water Utility has filed an application with the Public Service Commission of Wisconsin (PSCW) to increase water rates. The increase is necessary due to a 124.39 percent increase in gross plant investment and a 52.61 percent increase in operating expenses since the last water rate case was completed in 2019.

If the request is granted, the increase in water rates will be implemented in two steps. The proposed Step I increase of \$401,999 would take effect following the issuance of the Final Decision. The Step II increase of \$466,328 is compared to the current rates and is an additional increase of \$64,330 over the Step I rates. The overall increase of \$466,328 is a 59.68 percent increase over the water utility's present revenues. The remaining Step II increase of \$64,330 would be implemented when the Utility notifies the Commission that the Well No. 1 improvements authorized by the Commission in docket 6580-CW-102 are completed.

If the request is granted, the water bill for an average residential customer with a  $\frac{5}{8}$ -inch or  $\frac{3}{4}$ -inch meter who uses 8,000 gallons of water per quarter will increase from \$142.39 to \$226.10, or 59%, including the public fire protection charge.
