- MCO Report – Brandon Kaufman /DPW: *Report Attached*
- DPW Report – Kirk Ruetten: *Report Attached*

Old Business

Village Projects and Priority

- *Bridge Project – Lunda was onsite to finish punch list items last week. Electrical punch list items will now fall into Spring due to weather.*
- *Main Street Project – Currently finishing redline drawings, awaiting updated plans and finalizing bills with closeout in December or January.*
- *Twin Harbor Drive reconstruction – Punchlist items remain, working on finalizing bills and final assessment figures.*
- *Phase II Environmental – We have received a Federal Brown Site ID for the hazardous conditions of the site. However, we can now dispose of the barrels onsite.*
- *Asbestos and Demolition – The asbestos removal has started today with demo to follow immediately after.*
- *N. 6th St. Reconstruction project – was surveyed last week, preliminary plans can now be done. Estimates and plans will hopefully be ready for an early bid date.*
- Recommendation – None at this time

Well and Water Quality

- Update – Tony Kappell, Brandon and DPW Reviewed.
 - *The Village, MCO, and McMahon had a conference call with the DNR to address the compliance issue and testing method.*
 - *The determination of the compliance testing method was inconsistent to DNR approved method and will be retesting, this will result in non-compliance.*
 - *McMahon reviewed the RFQ that was recently amended with Village input. This will be going out soon however, there are several issues that will need to be determined.*
 - *The issue of maximum run time per day for the PILOT was addressed through either utilizing the existing reservoir tanks as an option but, this will take one well out of service during the PILOT.*
 - *The PILOT RFQ timeframe was discussed and extended to get the maximum participation from vendors.*
 - *The next DNR milestone will be in July of 2020.*

Pursuant to WI State Statute 985.02(1)(b); notice is hereby given that Village Board Members may also be present at this meeting for informational purposes.

MEETING MINUTES: PUBLIC WORKS COMMITTEE FOR VILLAGE OF WINNECONNE

- Recommendation – None at this time

Storm Water Utility Creation –DPW reviewed

- Discussion – *DPW reviewed a PCS slideshow of the formation or creation of a stormwater utility for educational purposes.*
 - o *DPW and Brad discussed project timeline and addressed critical points to include school budget cycle of July 1.*
 - *The educational part need to get to the school by March to meet their budget approval.*
 - o *Discussion on the process and the start of the random selection of homes to establish the sqft of a typical ERU.*
 - o *Discussion on a transportation Utility and when would the appropriate time be for introduction.*
 - *Same time, a year later, etc. no decision.*
- Recommendation – None at this time

Hello Kirk,

I just wanted to follow up on our phone conversation last month. You mentioned wanting to get board approval to host the 12/10/20 meeting.

The WWOA-LMD board will plan the meeting and set up all arrangements. Hosting involves a plant introduction and tour after the meeting. Can we plan on scheduling the December 2020 meeting in Winneconne?

Please let me know if you have questions or need additional information.

Thanks!
Holly

Holly,

Sorry for the delay however, I wanted to check with our elected Board and others that may have involvement. I would be interested however, I do have a couple more questions prior to saying yes. Could you give me a call next week, Tuesday or Wednesday to discuss and look at options?

Respectfully,

Good Afternoon Kirk,

VILLAGE OF WINNECONNE

The Community of Opportunity

30 South First Street - P.O. Box 488 - Winneconne, Wisconsin 54986-0488 - 920-582-4381

Dear Main Street Business Owners,

With Winter fast approaching, this letter is to either remind or inform property owners of the current Village Ordinances regarding snow and ice removal.

Chapter 460 states;

Removal from Sidewalks. Within twenty-four (24) hours of the completion of any fall of sleet or snow, it shall be the duty of the owners and/or the occupants of any lot or parcel of land in the Village of Winneconne to remove, or cause to be removed, the snow or sleet from any and all sidewalks adjacent to the premises of such owner or occupant, and to maintain the same free and clear of snow, ice or blowing snow for the full width of the sidewalk from that period forward.

Chapter 460 states;

Snow and Ice Not to Encroach. No person shall push, shove, or in any way deposit any snow, ice or blowing snow onto any public streets, alley, sidewalk, or public lands dedicated to public use except for parcels or lots located where existing buildings are constructed within five (5) feet of the street right-of-way and the sidewalks exist from the Village right-of-way to the curb line and properties fronting Main Street between Second Avenue and Third Street and the sidewalks extend from the building to the curb line. In such instances, the owners, occupants and/or employees of parcels or lots shall be permitted to deposit snow and ice from their sidewalks onto the public streets; for handling and immediate removal by owner, occupant, and/or employees of the parcel or lot. Failure to remove snow, ice or blowing snow within twenty-four (24) hours shall also constitute a public nuisance and subject responsible persons to the penalties applicable for violation of Village public nuisance ordinances.

This reminder is being sent out to inform the property owners along Main Street of their responsibilities. In other words, it is the property owner's responsibility to remove the snow from the sidewalk – which also includes the responsibility for immediate removal of snow and ice that is deposited on Main St. This means if you so choose to deposit snow from the sidewalk into the street, it is your responsibility to also remove the deposited snow/ice from the street. As of December 1, 2019, if the Village removes the snow or ice from a property, or snow deposited from a property, that property owner will be charged in accordance with the Village Ordinances.

As in the past years the Village staff will still continue to remove snow off of the Main St. parking lanes and other Village owned properties, prior to 6:00 am of the snow event. The Village feels that the existing Ordinance and your assistance will make all our customers and residents safe throughout the winter season.

Respectfully,

Kirk Ruetten

associated with said usage.

- (g) **Termination.** All street privilege permits shall automatically terminate at the end of three (3) months from the date of issuance unless an earlier termination date is specified thereon at the discretion of the Clerk-Treasurer.
- (h) **Removal by Village.** In addition to any other penalty imposed, if the owner or occupant of the premises adjoining any lawfully obstructed sidewalk shall remove or neglect to remove such obstruction within twenty-four (24) hours after such notice from the Public Works Department to do so, it shall be the duty of the Public Works Director to remove such obstruction by whatever means necessary. The Clerk-Treasurer shall enter such costs of removal on the next annual tax roll as a special charge against the property abutting such obstructed sidewalk, and such sum shall be levied and collected as other special taxes against real estate.

State Law Reference: Sec. 66.0425, Wis. Stats.

Sec. 6-2-7 Snow and Ice Removal.

- (a) **Removal from Sidewalks.** Within twenty-four (24) hours after the completion of any fall of sleet or snow, it shall be the duty of the owners and/or the occupants of any lot or parcel of land in the Village of Winneconne to remove, or cause to be removed, the snow or sleet from any and all sidewalks adjacent to the premises of such owner or occupant, and to maintain the same free and clear of snow, ice or blowing snow for the full width of the sidewalk from that period forward.
- (b) **Failure to Remove.** In case of failure or neglect of any owner or occupant of any land or parcel of land to remove the snow, sleet (ice) or blowing snow from sidewalks as specified in Subsection (a) within the time set forth in said Subsection and, after twenty-four (24) hours after the cessation of any fall of snow, the owner or occupant has failed to remove such snow from sidewalks as specified in Subsection (a), the Director of Public Works shall remove or cause the snow, sleet (ice) or blowing snow to be removed from any and all sidewalks and cross-sidewalks that may be so neglected by the owner or occupant, and a charge established by the Director of Public Works shall be assessed against the owner or occupant for the cost and expense of moving such snow, sleet (ice) or blowing snow. In the event a property owner has not paid all bills relating to ice or snow removal by the time that real estate taxes and other special charges are levied, the Clerk-Treasurer shall enter in the tax roll as a special tax against the real estate involved the total unpaid charges for ice and snow removal for the previous year. The ice and snow removal charges shall be collected in all respects like other taxes upon real estate and interest shall accrue thereon in like manner.
- (c) **Snow and Ice Not to Encroach.** No person shall push, shove or in any way deposit any snow, ice or blowing snow onto any public streets, alley, sidewalk or public lands dedicated to public use except for parcels or lots located where existing buildings are constructed within five (5) feet of the street right-of-way and the sidewalks exist from the Village right-of-way to the curb line and properties fronting Main Street between Second Avenue and Third Street and the sidewalks extend from the building to the curb line. In such instances, the owners, occupants and/or employees of parcels or lots shall be permitted to deposit snow and ice from their sidewalks onto the public streets; for handling and immediate removal by owner, occupant, and/or employees of parcel or lot. Failure to remove snow, ice or blowing

snow within twenty-four (24) hours shall constitute a public nuisance and subject responsible persons to the penalties applicable for violation of Village public nuisance ordinances.

- (d) **Enforcement.** All designated Village employees are hereby authorized and directed to enforce the provisions of this Section.
- (e) **Continued Violations.** Each twenty-four (24) hour period where a violation occurs shall constitute a separate offense under this Section for enforcement purposes. Repeated violations or subsequent additional accumulations of snow and/or ice shall not nullify any pending notice issued under this Section. Failure to remove snow and ice within twenty-four (24) hours shall also constitute a public nuisance and subject responsible persons to the penalties applicable for violation of Village public nuisance ordinances.
- (f) **Abatement after Notice.** Failure of the owner, occupant or person in charge of any parcel or lot to cause the removal of snow and/or ice within the time established under Subsection (a) shall result in a citation being issued to violators and/or the Village causing the removal of said snow and/or ice and billing the cost thereof pursuant to Subsection (g) below.
- (g) **Expense.** An account of the expenses incurred by the Village to abate the snow and/or ice hazard shall be kept and such expenses shall be charged to and paid by the parcel or lot owner. Said expenses shall be determined by Public Works Director. Notice of the bill for the removal of snow and/or ice shall be mailed to the last-known address of the owner of the parcel or lot and shall be payable within ten (10) calendar days from the receipt thereof. Within thirty (30) days after such costs and expenses are incurred and remain unpaid, the Clerk-Treasurer shall enter those charges onto the tax roll as a special charge as provided by Sec. 66.0627, Wis. Stats.
- (h) **Penalty.** In addition to the provisions set forth in this Section, any person, firm or corporation which violates the provisions of this Section shall be subject to a penalty as provided in Section 1-1-6 of this Code of Ordinances.
