Dear Regulatory Permit Representative,

Please find enclosed a copy of the Town of Yarmouth Shoreland Zoning Permit application for an East Revetment Reconstruction project, located at 403 Sea Meadows Lane Yarmouth, Maine. This project was reviewed in the field with you, the Town Engineer, the Town Planner and representatives from MEDEP at a preapplication meeting on July 9, 2019.

As this is a rehabilitation of an existing coastal slope revetment, I ask that you consider this project eligible for staff approval. Please note the following.

1. The Town has been provided one electronic (PDF) copy of the application, one hardcopy and the appropriate application fee.
2. The Town should have received a copy of the Maine Department of Environmental Protection's approved NRPA Permit by Rule. A copy is included with this application.
3. U.S. Army Corps of Engineer permit #NAE-2020-01888 dated July 20, 2020 is included with the application.

Please do not hesitate to call me with any questions or comments.

Sincerely,

BAKER DESIGN CONSULTANTS, Inc.
