

YARMOUTH TRANSFER STATION IS NOW RECYCLING FOOD WASTE

The Yarmouth Transfer Station has partnered with Agri-Cycle (ACE). ACE is the Northeast's premier food waste collection service. Agri-Cycle works with a network of processing partners in conjunction with their own 2.2mil gallon digester on Stonyvale Farm.

Annually ACE powers over 3,000 homes with renewable energy from the food waste we collect across our footprint.

FOOD WASTE FACTS

- Roughly one third of the food produced that is intended for human consumption every year- around 1.3 billion tons and valued at USD\$1 trillion- is wasted or lost. This is enough to feed 3 billion people.

- An area larger than China and 25% of the world's fresh water supply is used to grow food that is never eaten.
