(Recommend: \$13,761,103)
(Town Council and School Committee recommend approval.)

Explanation: The Town's contribution to the total cost of funding public education from kindergarten to grade 12 as described in the Essential Programs and Services Funding Act is the amount of money determined by state law to be the minimum amount the Town must raise in order to receive the full amount of state dollars.

ARTICLE 15: To see what sum the Town will raise and appropriate for the annual debt service payments on any non-state-funded school construction projects, non-state funded portions of school construction projects, and minor capital projects, in addition to the funds appropriated as the local share of the Town's contribution to the total cost of funding public education from kindergarten to grade 12. (Recommend: \$2,540,999)
(Town Council and School Committee recommend approval.)

Explanation: Non-state-funded debt service is the amount of money needed for annual payments on the town's long-term debt for major capital school construction and minor capital projects that are not approved for state subsidy. The bonding of the long-term debt issues were approved by the voters in 2018.

To see what sum the Town will raise and appropriate in additional local funds, (Recommend: \$11,935,096) which exceeds the State's Essential Programs and Services funding model by (Recommend \$11,935,096) as required to fund the budget recommended by the School Committee and Town Council.-

Required Note: The School Committee recommends \$11,935,096 for the additional local funds and gives the following reason for exceeding the State's Essential Programs and Services model by \$11,935,096. \$11,935,096 is needed to cover the Town's share of the School budget that the Essential Programs and Services model does not recognize.

(Town Council and School Committee recommend approval.)

Explanation:
The additional local funds are those locally raised funds over and above the Town's local contribution to the total cost of funding public education from kindergarten to grade 12 as described in the Essential Programs and Services Funding Act and local amounts raised for the annual payment on non-state funded debt service that will help achieve the Town's budget for educational programs.

Each registered voter may come to the polling station in the auditorium and mark a ballot [YES or NO] and deposit it in a box provided by the Town Clerk. Once all who wish to cast a ballot have done so, the Clerk will tally the results to be announced by the Moderator.
