A quorum shall be deemed present if a minimum of four (4) members are present. Reviewed Minutes Discussion of the last meeting which had a quorum. Judy was not present at the April 4 meeting so not sure if there were minutes. No one had minutes from that meeting but the March meeting minute’s were approved. There were no minutes from the May and June meetings because there was no quorum. And no meetings were held in July or August.

Need to get survey data from Ari from April 29 survey as well as original sheets.

In order to ensure that we have 4 volunteers for any given survey, the commission would like to require that people sign up ahead of time. Anyone who puts their name on the sign up list for a given survey will be notified by the town either way so they know the status of the survey before it occurs.

Motion: Survey participants will need to provide 48 hours notice to the town clerk or their designee in order to participate in a survey. Notification to the town must be by 10 am 2 days prior to the survey (ie. if the survey is Sunday, notification by 10 am Friday). Participants will be notified by their notification preference the same day as the cutoff to volunteer whether or not the survey will be held. The survey will be cancelled if less than 4 volunteers register. The town will create a list of survey participants for notification purposes.
