- The proposal to support and join the Municipal Energy Coalition will need to run through town council. Council is going want to know exactly what the commitment.
  - Heather will present to a Town Council workshop meeting (April 4). If moved forward, it will go to regular TC meeting on April 25, perform same presentation.
  - Would be helpful to bring it to a public comment period at beginning of March 7 meeting – will be introduced at that meeting to be put on the April 4 meeting.
