I have no objections to the owners of 65 West Elm St. keeping hens. However, I do not believe keeping a rooster is conducive to a peaceful neighborhood, since they have a tendency to crow loudly very early in the morning. I suggest that the special exception rule contain this limitation, if it does not already.

Sincerely,

Mr. Ciarimboli,

I am writing in support of the Waaler's application for a special exemption to keep chickens on their property located at 65 W. Elm St. As an adjacent neighbor, I have not experienced any issues with them keeping chickens and I strongly urge the Board to approve their application.

Wendy:

Could you please add to this meeting comments
-that there should be no rooster
-chickens should be in a contained area, not roaming the neighborhood

Also please add my email to the public hearing.

Thanks

Cindy Morris

Subject: 65 West Elm-Request for Chickens
Date: Thursday, November 4, 2021 10:51:22 AM

Hello Nick, Wendy,

Just reaching out in regards to the notification we received for the request of domesticated chickens in the MDR Zone (65 West Elm Street). We are unable to attend the General Board of Appeals Meeting on November 15th, but wanted to offer some feedback:

We don't have any problem with allowing chickens in the neighborhood, as long as there are NO ROOSTERS..! we appreciate a little peace/quiet in the morning, and I'm afraid a rooster would be problematic. Thanks for considering.

Sincerely,
