

The Latchstring Park Task Force was established by the Town Council in the fall of 2019 to "make recommendations for improvement to the safety, function and aesthetics and other considerations at Latchstring Park." We are confident that we have met this challenge and will be presenting our work at the Town Council meeting on February 4, 2021 at 7pm. A copy of the proposed design concept is attached.

The Latchstring Park is located at the corner of West Main Street and West Elm Streets.
