NOTES TO THE 2020 FINAL BUDGET

December 2, 2019

1. Revenues have been projected for 2020. Tax Revenues are expected to increase over the 2019 estimates by approximately 8%.
2. Expense projections are similar to the 2019 budget with increases being minimal due to what cannot be controlled, ie: increases from other agencies, memberships, cost of conducting business, etc.
3. Building Revenues: Based on 18 new structures for 2020. That projection affects line items in multiple funds including Current Expense, Street, Water, Sewer and Parks Funds. Building permit and plan review fee revenues are projected to decrease from 2019 due to a larger construction projects during 2019.
4. Each year we analyze the water and sewer funds for sustainability. The city must assure that revenues and expenditures are monitored closely so that the fund can make the debt service payments and complete the prioritized projects on the city's capital facilities plan. A water rate study was completed in 2014. It was determined that water (domestic and irrigation) rate increases were needed over the next 5 years in order to accomplish those above goals. Water rates will be evaluated during work on the water comp plan during 2020. The sewer rates were evaluated during 2019 and it was decided that a rate structure change will be made providing a new more equitable charging structure.
5. The Water and Sewer Brochure includes information related to our annual fund analysis and a list of the capital projects for the water and sewer reserve funds. The city completed a Well Project upgrade during 2019. Other capital water and sewer projects have been included in the brochure for 2020.
6. The spring Parks and Recreation Program should be similar to prior years. It's a 3-month program with T-ball, T-ball for Tots and Softball. The fall program for soccer also runs for 3 months and has been in place for two seasons. We hire a director to oversee each session of the program.
7. The Parks Committee had decided to dedicate parks funds towards the future splash park. Further information will be included for you review at a future meeting. We will continue to work towards fundraising, etc. for a new Splash Park and staff will continue to explore opportunities to accomplish this very important goal. Public Works will continue their preparation of the current pool site for the future splash park. The city will apply for grant funding during 2020 for the project and if awarded the city portion of the grant is 50%.

8. ADA Transition Plan. The ADA Transition Plan was originally approved in 2014. The city has consistently made improvements each year since then. Each year the plan is reviewed and revised and included as part of the budget packet that is taken to council for approval. The current/revised ADA Plan has been included.
9. Cost Allocation. The finance department continues to use our approved cost allocation plan for expenditures that need to be allocated. Staff continues their effort to stay in compliance with the state regarding costs that are allocated out to the restricted funds. At our last audit, the Auditor confirmed that our plan was compliant with SAO. Each year, the percentages of the allocated line items fluctuate due to the methodology we use so you may notice differences from one year to the next. See the attached Cost Allocation Plan spreadsheets for explanation.

PERSONNEL

1. Union Contracts. Union Negotiations will be held during 2020 for 2021 contracts. The current contract allowances have been included for salaries and benefits line items.

OTHER

Supplemental Budget Requests. Department Heads submitted their 2020 Supplemental budget requests which were reviewed by the Budget/Finance Committee. The Mayor has included his list of proposed requests that will be added to the 2020 budget after the first of the year if they are able to be funded.

2020 CITY FOCUS

Staff will continue to focus our efforts on training and education during 2020. We will also continue to be community oriented by working with the various groups/clubs and businesses as they build events. We believe in building our community through better city services and amenities. Our hope is to foster greater personal and professional relationships within the community to build Zillah strong.

As the year is winding down, our city departments are focused on finishing projects that were budgeted. *We look forward working towards these goals with staff during 2020. Our joint success is a win for everyone.*

2020 PARKS & RECREATION PROGRAMS

City of Zillah Parks & Recreation Programs were well attended in 2019. A part-time coordinator position is part of the program and volunteers serve as coaches.

These programs are not a money-maker for the city but has been considered a great investment in the children of our community.

SPRING PROGRAM

The Spring Program includes t-ball, t-ball for tots and coach-pitch. 131 children participated in the program. It wouldn't have been possible without the help from all of the volunteers.

A part-time coordinator position is part of the program. The program is not a money maker but has been considered a great investment in the children ,of our community.

WATER FUNDS

GENERAL INFORMATION

The water funds are reviewed and analyzed annually in order to assure sustainability of the Funds. It is important that the City keeps a watchful eye on the restricted funds and exercises moderation in spending. Each year we analyze what monies we spend on operations for water and sewer as well as debt service and the Capital Improvements that are listed in the Capital Facilities Plan. It's very important to ensure that the City maintains reserve funds at levels that will provide sufficient revenue for debt payments. The Water Rate Study done during 2014 resulted in a recommendation to increase water and irrigation rates annually. Those recommendations were approved and are shown below. Council reviews the plan annually during the budget process to assure the funds are being sustained.

Water Fund (402) Operating Fund

The main sources of revenue for this fund are from water and irrigation sales, water hook-up fees (\$600-\$780 per new connection depending on the size), penalties, fines, investment interest and water tower leases. Investment interest is no longer a significant contributor as it was in prior years.

The main expenses in the fund are to water and irrigation salaries and benefits, supplies, repairs and maintenance, equipment, and all of the operating costs associated with operating the water system in our city.

IRRIGATION PROPOSAL		2019	Amt. of Incr	Proposed 2020
SVID Assessment to City	1.7%	\$118.00	\$2.00	\$120.00
City % Increase	2.3%	\$67.28	\$5.41	\$72.69
Total Increase	4.00%	\$185.28	\$7.41	\$192.69

Fund Comments

Revenue: The city approved increases to water and irrigation rates for the years (2015-2020): 10%, 10%, 10%, 10%, 5%, 3%, and the irrigation rates by a total of 14%, 14%, 14%, 14%, 14%, 4% each year.

The Utility Tax Rates are as follows:

	2014	2015	2016	2017	2018	2019	2020
Utility Tax %	32.0%	30.0%	28.1%	26.3%	26.3%	26.3%	26.3%

Water Reserve Fund (420) Capital Expenditures and debt service

The main sources of Revenue for this fund are the water connection fees (\$2,000) collected at the time that a new connection is made to water service, water improvement fees (\$9.00) that are collected each month from water customers, and investment interest. Expenses to the fund cover current debt service payment on the loans and prioritized capital improvements/projects. Cost Recovery fees were established in 2008 in order to provide revenue needed for future Capital Improvements.

2020 Capital Facility Plan (CFP) Improvements

Conservation Education	\$500	420..534.10.32
Water Comp Plan Update	\$80,000	420..594.34.41.07
Misc. Projects, parts, pipes, etc.	\$20,000	420..534.10.31
Design & Const. Standards (water portion)	\$5,350	420..594.34.41.05

Fund Comments

With this plan, current revenue will be sufficient to fund the Capital Facility Improvements shown on the attached plan, to meet the current debt service needs, and to keep the fund balance at a sufficient level.

Source Well Improvement Project

City of Zillah completed the Source Well Improvements Project during 2019. The final loan amount to pay to DWSRF is \$1,257,600 (that amount is after the 30% loan forgiveness clause). Interest is at 1% and repayment of the loan is over 24 years. The first payment began in 2019.

SEWER FUNDS

GENERAL INFORMATION

Sewer Fund (403) Sewer Operating Fund

The main sources of revenue for this fund are from sewer sales and sewer hook-up fees (\$300). Investment interest is no longer a significant contributor in revenue as in prior years. The main expenses in the fund are to sewer salaries and benefits, supplies, repairs and maintenance, equipment, and all of the operating costs associated with operating the sewer system in our town.

Fund Comments

Revenue: The Sewer Rate Study done during 2015 resulted in a recommendation to increase sewer rates annually by 3% each year through 2024. That increase combined with a current 1% revenue increase projected from growth is projected to sustain the fund. As the fund was examined during 2019 while work being done on the sewer comprehensive plan, it was discovered that rate increases would be necessary. The current structure uses a base rate for residential users and a water usage based rate for commercial and industrial users. It was decided that usage based rates would be established across the board as well as rate increases for those businesses discharging stronger outflow into the system. The city hopes to encourage water conservation through this structure. It may prove to lower bills for those using less water and increase the costs to the larger consumers.

Sewer Reserve Fund (430) Capital Expenditures and debt service

The main sources of Revenue for this fund are the sewer connection fees (\$2,700) and sewer improvement fees (\$7.00) that are collected each month from our utility customers.

The main expenses in the fund are debt service for the loans secured for capital projects.

CURRENT EXPENSE FUND (001)

This fund is the primary operating fund of the City. It accounts for all financial resources except those required or elected to be accounted for in another fund.

REVENUES

Taxes

Real & Personal Property Taxes

Property Tax revenue is projected to increase by 1%. Other revenue included is for new construction. 80% of the property tax we receive goes into the General fund. 20 % of the property tax goes into the Street Fund (101).

Local Retail Sales & Use Tax

Sales and Use Tax revenue for 2020 is projected to increase over 2019 due to construction projects. The Marketplace Fairness Act may also prove to slowly increase revenue. The Act extends sales taxes to many internet and remote sales that were not taxed previously and eliminated the sales tax exemption for bottled water. The SST mitigation payments phased out in October 2019 so the taxes collected from internet and remote sales should somewhat fill in the blanks with the loss of that revenue.

Public Safety Tax - 3/10's Public Safety

This tax is tied to sales tax. Zillah is projected to receive approximately \$90,000 which funds apx. one FTE in the Police Department.

Electric/Gas/Phone

Revenues are projected to increase slightly over 2019.

Utility Taxes

In 2004 the City of Zillah levied a 35% utility tax on revenues derived from water, sewer and garbage charges. The tax was decreased to 30% in 2006, then was increased to 32% in January 2011. The city authorized a water rate study during 2014, and in 2015 council approved a multi-year rate plan to water with rates decreasing at the end. A sewer rate study was done during

2015 was sewer rates stayed at 3% each year. During 2019 the city studied sewer rates and found a new rate structure was needed to fund the processing of waste. The utility tax for 2019 is at 32% for Sewer and Garbage and the rate for water is currently at 26.3%.

Licenses and Permits

Business licenses revenues are projected similar to 2019. Changes will occur the following year as the city will be moving its business licensing over to the state as per EHB 2005.

Building Permits

Building permit revenues are estimated to decrease from 2020 due to the school building project that took place this year. 18 new homes have been estimated along with other permits which include signage, roofs, etc.

Zillah Infrastructure Improvement Plan (ZIIP)

A Zillah Infrastructure Improvement Plan was adopted in 2008. Developer fees for fire protection are collected in the general fund at the rate of .65 per square ft. When the fees were reviewed recently the following increase was proposed and approved: .01 increase per year for the next three years. The breakdown of how the revenues are distributed is as follows: 60% - Street Fund, 25% - Fire protection and 15% - Parks.

Animal Licenses

Animal License revenues have been estimated the same as 2019.

OTHER REVENUES

Liquor Excise Tax

Liquor excise tax is based "per-capita." 2020 per-capita is projected at 5.49 x 3185 (population) = \$17,500 (rounded).

Liquor Board Profits

Liquor Board Profits are based per-capita. 2020 per-capita is projected at 8.02 x 3185 (population) = \$25,600 (rounded).

Solid Waste Fees

Yakima Waste will increase garbage fees by 1.3%. Solid waste revenues are estimated at \$410,000 for 2020.

About the Fund

This is a Special Revenue Fund. As per state requirements, the Transportation Benefit District (TBD) was originally set up as a separate entity charging a \$20 fee each year for vehicle license renewal. At that time, the finances were reported separately with the State Auditor's office. This fund was created when the city assumed responsibility of the TBD in 2016, due to legislation allowing such.

During 2019 Initiative Measure No. 976 limiting motor vehicle taxes and fees was included on the ballot and is expected to be approved so those revenues will go away. At this time, no revenue is projected for 2020. As you can see in the chart below, the city brought in an average of \$46,000 per year through the TBD fees.

In 1985 the City of Zillah imposed an excise tax on each sale of real property within the corporate limits of the City of Zillah. This tax is imposed upon and collected from those persons from whom the excise tax on real estate sales is collected pursuant to Chapter 82.45 of the Revised Code of Washington. Each time property is sold within City limits of Zillah we collect ½ of 1% (.005) from the sale. Those dollars are to be used for public works improvements. Yakima County is responsible for collection of this tax. The R.E.E.T. fund is used for local public improvements as approved by City Council.

Zillah Municipal Code:

3.04.100 Continuation of real estate excise tax fund.

There is hereby continued a real estate excise tax fund for local public works improvements, including those public works improvements described and listed in RCW 35.43.040. The city clerk/treasurer shall deposit such monies in this fund which are received from the imposition of the excise tax on real estate sales imposed by the ordinance codified in this section. Expenditures from said fund shall be authorized by city council as permitted by state law, by motion, resolution, or ordinance describing the amount of funds to be expended and the specific capital public works improvement toward which such funds are to be expended. The city clerk/treasurer shall maintain an accurate accounting of all funds going into and coming out of said fund as required by this section and by law. (Ord. 1140 § 2, 2007; Ord. 738 § 4, 1992; Ord. 688 § 3, 1990)

ZMC 13.24.170 – Endowment Care

All endowment charges/fees will be assessed at the time of purchase of the lot. Said endowment charges will be held and maintained in trust pursuant to ordinance and Washington State law. No less than 10 percent of the sale price for each lot sold will be held in trust for endowment purposes as provided by Washington State law. In consideration and for endowment, the city assumes the responsibility for the following:

- A. To irrigate the lots/grave sites, and to keep the area green and neatly mown.
- B. To trim and prune the flowers and shrubbery permitted to grow on the cemetery grounds.
- C. To fill and keep the general level of such lots/grave sites.

The city shall not be obligated from the revenue from endowment care to provide burials, place headstones or monuments, or replace flowers and shrubbery which die because of age or disease. The city administrator shall maintain books and records regarding the endowment monies and the trust fund in which said endowment funds are maintained. (Ord. 1462 § 17, 2018)
